SENATE CUTS OFF ALL SAVE TARIFF

Adopts Resolution to Bar General Legislation at Extra Sessions.

CENSUS BILL IS ONLY EXCEPTION

House Members Resume Tariff Talk and Hear Cantrill in Maiden Speech.

Washington, April 1.—The senate today by a viva voce vote adopted Senator Hale's resolution to confine the business of the extra session to the consideration of the tariff question to the exclusion of everything else, except the bill making provisions for the thirteenth census.

Mr. Heyburn made an earnest plea for the exception of the reports of the committee on investigation of the laws, which is preparing a re-codification of the federal statutes. He expressed the opinion that there were other important matters of legislation besides the tariff.

Mr. Hale, however, declined to yield to Mr. Heyburn, sayin gthat if any exception was made other committees would also seek recognition, with the result that it would be impossible to give concentrated attention to the tariff, which the president had suggested as necessary in order to procure expeditious action on that most important subject of legislation.

May Not Accept Place.

Retiring President Charles W. Eliot of Harvard university, it was stated today, in receiving from President Taft on yesterday, a tender of the ambassadorship to Great Britain, expressed to the chief executive both his appreciation of the honor and the belief that he would be unable to accept the post.

END NOT YET IN SIGHT.

House Talks Tariff, With Cantrill in His Maiden Speech.

Washington, April 1.—The plan of the republican leaders to close general debate on the tariff bill today having been abandoned, there was only a slight increase in the attendance when the house met. Without any preliminaries consideration of the Payne bill was resumed.

Opening the day's debate Mr. Cantrill, of Kentucky, in his maiden speech as a representative discussed the tobacco and hemp schedules. Because tobacco was the prey of a great trust he said it needed protection. The bill, he declared, offered no protection to hemp as it permitted the product of a great foreign competitor to come into the United States free. For both, Mr. Cantrill urged that the bill be amended so that they may not be discriminated against but that such a duty for revenue should be applied as would not cripple those industries in his state and elsewhere.

Defends Whole Measure.

A general defense of the bill was made by Mr. Gains, of West Virginia, a member of the committee on ways and means. In preparing the Payne bill, he said, the committee proceeded on the principle that if there was anything in the Dingley schedule more than enough to protect, and behind which persons could combine and unduly hold up prices, the republican party was required to lop off that excess, "and that," he said, "we have undertaken to do in this bill."

Answering Hardwick, of Georgia, who asked if enough had been lopped off on refined sugar to affect the sugar trust, Mr. Gaines said that all excess duties on refined sugar had been taken off that could be removed without threatening the American beet sugar industry.

WORK IS BEGUN IN CONFERENCE AT ELKHART

Indiana Evangelical Association Convenes in Annual Session.

Elkhart, Ind., April 1.—The fifty-seventh annual session of the Indiana conference of the Evangelical association was called to order in the First Evangelical church of this city by Bishop S. C. Breyfogel, of Reading, Pa., today. The Indiana conference embraces all the charges in this state, with a few over the line in southern Illinois.

The Missionary society elected officers as follows: President, Levi Newmann, of Rochester; vice president, G. B. Kimmel, of Dayton, O.; secretary, J. W. Metzner, of Huntington; treasurer, P. L. Browns, of Kendallville; delegate to general board, S. H. Baumgartner, of Indianapolis.

The Sunday School union elected: President, P. L. Browns, of Kendallville; vice president, W. E. Snyder, of Ridgeville; secretary-treasurer, M. W. Sunderman, of Evansville.

BUT LITTLE CHANGE SHOWN.

C. B. Woodworth, the druggist, who has been seriously ill at his home on West Berry street for some days, shows but little change in condition. He remains in a very precarious state.

AWED BY RIFLES AS PRISON BURNS

Twelve Hundred Soldiers Guarded Convicts at Leavenworth.

FOUR BUILDINGS WERE DESTROYED

Glee of Prisoners Turns to Terror, and 800 Were Taken from Cells.

Leavenworth, Kas., April 1.—It took twelve hundred United States soldiers to maintain order and to prevent prisoners from escaping during a fire which destroyed four buildings of the federal military prison here early today.

All the eight hundred prisoners were marched out of their cell houses when it seemed that the whole prison certainly would be destroyed and were held under heavy military guard until the fire was under control. Then after some of the cell houses had cooled sufficiently they were marched back again.

The fire was discovered before midnight by a sentry, who fired his pistol. The fire call was sounded and the entire garrison at Fort Leavenworth turned out. The Thirteenth Infantry was thrown around the prison.

Soldiers Battle Flames.

The fire, which probably started in the prison tailor shop gained rapid headway against the prison guard working with buckets and small hose. The fire department of Leavenworth answered an emergency call and joined forces with the soldiers in a battle against the flames. The fire was confined to the central row of buildings and consumed the industrial departments of the prison, including the paint, tailor and carpenter shops, and the laundry. The buildings contained many combustibles. The cell houses rapidly became filled with smoke and got suffocatingly hot.

After bugle calls were sounded the first guard line was placed about 150 feet from the prison wall, the men being stationed ten feet apart. The second line was two hundred feet farther back. The companies were extended in open order. Through this line no one except an officer or a soldier on duty was allowed to pass.

Prisoners in Glee; Then Fear.

When the fire was started there was glee among the prisoners. "Let it burn!" they yelled. The water pressure was very poor and as the water sputtered uselessly from the hose, the prisoners laughed and cheered. The flames leaped higher and a gust of wind whipped smoke into the nearest of the three cell houses.

The tone of the prisoners changed then. "For God's sake, take us out!" they screamed, battering against the steel bars in terror.

Colonel Loughborough saw the danger when the flames got very near the cell houses and ordered the prison provost guard to unlock the doors. The eight hundred prisoners fell in, each convict with his hands on the shoulder of the man in front of him. At double quick they marched to the farthest corner of the prison enclosure where they huddled while one hundred prison guards awed them with leveled rifles. Two of the terror-stricken convicts fainted.

The Leavenworth firemen devoted their attention to the saving of the main structure and keeping the fire from the military prisoners. All the sick prisoners were removed when the fire first was seen. The records were taken from the administration building also and preparations made to blow it up if necessary. A new military prison is under process of construction and it is not probable the burned buildings will be rebuilt.

WILL HONOR DEAD BRETHREN WITH EULOGIES

Annual Memorial Services for Deceased Knights of Columbus Monday.

The memories of the departed members of the Fort Wayne Council of the Knights of Columbus will be honored in a fitting program of eulogies and orations at the annual memorial services to be observed in the council's home on next Monday evening. But two members of the order have answered the death summons within the past year, Simon D. Brady and August D. Rensman, but there are a number of other worthy dead who during their activities contributed much to the council.

The program for the exercises has been arranged with great care and members of councils in surrounding towns will undoubtedly be here in good numbers. All the speakers will be members of the Fort Wayne council in which there are a number of excellent thinkers. The program follows:

Roll Call.
Quartet.
Grand Knight's address.....W. J. Lennart
Eulogy.....John G. Schultheis
Solo.....Maurice Niezer
Oration.....Thomas J. McLaughlin
Solo.....Peter V. Zurbuch

VESSEL IS WRECKED BY EXPLOSION; 12 KILLED

Bark Plying from Philadelphia Meets Disaster at Marseilles.

Marseilles, April 1.—The French tank bark Jules Henry, in the oil trade between Philadelphia and Cette, blew up this morning and was totally wrecked. Twelve members of her crew were killed and many others wounded. The bark arrived at Cette March 22 from Philadelphia.

A representative of the Veritas agency, accompanied by the second officer, was inspecting the vessel at the time she blew up. In the course of their work the two men entered the tank hold. Immediately afterward there was a tremendous explosion. The entire deck of the bark was lifted and the forward portion of the ship was wrenched off. Twenty men of the crew at work painting and repairing were blown into the air. Great sheets of fire shot up from the vessel and in a few seconds she was enveloped in flames.

Prompt aid came from neighboring ships in the harbor, but it was impossible for the small boats to get close in to the burning vessel. Six burned and mutilated bodies have been recovered from the floating wreckage. A number of wounded men also have been brought ashore. Others are missing and undoubtedly perished. The second officer and the agency inspector were thrown high in the air by the force of the explosion. They are still alive, but are not expected to live.

The Jules Henry discharged her cargo at Cette and arrived here March 27 with her tanks empty for inspection. It is presumed that oil fumes in the tanks exploded. The bark was commanded by Captain Escoffier.

PROBABLY ALL FRENCHMEN.

Philadelphia, April 1.—The crew of the French tank bark Jules Henry, which blew up this morning, is probably made up entirely of Frenchmen. The ship sailed from here for Cette February 18 with 859,813 gallons of crude petroleum, valued at $52,867.

MINERS DECLINE TO WORK; TAKE A HOLIDAY

Observe First Aniversary of Inauguration of 8-Hour Day.

Pottsville, Pa., April 1.—Notices were posted at all the collieries yesterday that they would work today, but there was not a breaker wheel turning in the lower anthracite region this morning. The orders of President Thomas L. Lewis were obeyed almost to a man to observe the day as a holiday in celebration of the granting of the eight-hour day in the bituminous region.

Although most of the miners remained at home there was no attempt made on their part to persuade others to remain idle, but as only a handful responded at each mine no attempt at work was made.

IN SHAMOKIN REGION.

Shamokin, Pa., April 1.—There was a complete suspension of anthracite mining in this region today in celebration of the anniversary of the inauguration of the eight-hour work day in the soft coal fields. The operators made an effort to have the miners work today but both union and non-union workmen remained away from the collieries.

DR. WADE REPORTS ON HIS DISTRICT

Says All is Dry But Allen; Saloons Corralled in Fort Wayne.

M. E. CONFERENCE AT GREENFIELD

Richmond Scored for Its Wet Vote—Other Business of the Session.

Greenfield, Ind., April 1.—In the north Indiana conference of the Methodist Episcopal church in session here, reports of superintendents were resumed today.

Dr. C. U. Wade reported a gain of 552 members in his Fort Wayne district during the last year, and that every county was "dry" except Allen, and that all the saloons were corralled in Fort Wayne.

H. W. Bennett, of the Goshen district, reported one thousand new members during the last year, $130,000 increased church property in six years, eleven new churches and only two places in his district with saloons.

Hands Richmond a Few.

T. H. Guild, superintendent of the Richmond district, is unable to make a report on the saloon feature as satisfactory as the others and said:

"In reporting all the truths some things must be said that are unpleasant. The surprise is that the moral, high toned, classical, supposed self-respected, art loving, beautiful, cultured city of Richmond should play into the hands of the saloon and its henchmen and by nearly 2,000 majority vote to retain the devilish dramshop."

William B. Freeland, treasurer of the conference, has the handling and distribution of more than $60,000. With his assistants he is carrying on the work of receiving reports, tabulating them and appropriating the money to branch societies.

It was voted by the conference today that the contributions for general education be divided as follows:

Sunday school union, 21 per cent.; board of education, 32 per cent.; Freedman's Aid society, 46 per cent.

L. F. Naftzger reported that the year in the Muncie district had been marked by indifference to religion because of political and temperance agitation.

Rejoice Over Option Spread.

The plea of E. S. Shumaker, state superintendent of the Anti-Saloon league, for state-wide prohibitory legislation in Indiana in 1911 was greeted by prolonged applause, shouts of "Amen!" "Hallelujah!" and similar exclamations at the conference sessions Wednesday afternoon. The speaker was interrupted several times by impromptu singing, the big audience joining in the doxology.

Superintendent Shumaker reviewed the work of the Anti-Saloon league in this state, told of the work of the temperance people in behalf of the county local option law and discussed the numerous local option elections through which so many counties have ousted the saloons. The temperance

MAY HAVE A MUSIC FESTIVAL HERE IN MAY

Thomas Orchestra, Bruno Steindel and Soloists in Proposed Plan.

There is prospect of Fort Wayne having a music festival in the month of May that will eclipse anything of the sort ever held in the city. Mr. Collins, a business representative of the Theodore Thomas orchestra, Chicago, is in the city interviewing officers of the Morning Musical society and prominent musical people regarding the matter.

In seeking an auditorium for the festival Mr. Collins regards with the most favor the new hall of Concordia college, which is, he declares, in acoustic properties, size and comfort the best place in the city for the concerts to be held. The proposition is to give three concerts, two by the Thomas orchestra with vocal soloists and one by the Bruno Steindel trio. With the orchestra will be one or more artists, such as Herbert Witherspoon, to sing, and with one concert it is desired that a chorus of local singers shall give a part of the program. The dates selected for Fort Wayne's festival are May 28 and 29, with one matinee performance. The price of the season tickets will be placed at three dollars.

The selection of this city as a place for a festival is a part of a movement which the Thomas orchestra is inaugurating in this section of the country, to have May festivals an annual event. It is not necessary, however, for this city to make arrangements for another season in order to have a festival in May. The opportunity is one that would mean a musical treat almost unprecedented in this city. The time of the year is most auspicous and the probabilities are that arrangements will be consummated for the event.

DENTISTS PLAN CAMPAIGN.

They Want General Uplift Along Hygienic Lines.

Birmingham, Ala., April 1.—At the third day's session of the National Dental association here today a systematic campaign of education in hygiene in all states of the union was urged. Dr. P. G. White, of Boston, said three-fourths of the ills that harass humanity will be banished when proper attention is paid to the care of and treatment of the mouth and teeth and many of the attending dentists announced their intention of taking up the matter on their return to their homes. Dr. Conrad, of St. Louis, said that one of the greatest of crimes is the extraction of teeth.

OFFICER IS SELECTED.

Reme City Will Have General Factotem This Season.

A meeting of the directors of the Sylvan Lake Improvement association was held at Mayor Hosey's office today and John Jennings was appointed to office. He will be policeman, deputy game and fish warden, health officer and will see to the collection of garbage. When he ain't busy he will fish.

AIRSHIP DRIVEN BY FIERCE GALE

Zeppelein Machine at Mercy of Furious Wind for Eleven Hours.

PERILOUS FLIGHT ENDED IN SAFETY

Ascent at Munich is Attended by Wild Experience for Aeronauts.

Dingolfing, April 1.—The Zeppelin airship landed safely near here at 3 o'clock this afternoon, after having been eleven hours in the air.

Part of this time the circumstances of the journey were perilous. The rear motor refused to work and the forward motor alone could not evolve sufficient strength to drive the ship against the high wind.

WAS PLAYTHING OF WIND.

Wild Chase Ensues When Airship Gets Beyond Control.

Munich, April 1.—The Zeppelin airship, with the count himself on board, is the plaything of the winds and is being swept heplessly over the country. She is out of control and drifting with no hope of being able to make headway against the increasing winds. The wind is too high to attempt a landing.

Soldiers in swift automobiles are racing over the country after the airship in order to be on hand should a descent be attempted and several suadrons of heavy cavalry have been ordered out and are galloping down the roads to the northeastward for the same purpose.

Covered 111 Miles in Five Hours.

The airship left Friedrichshafen early this morning and five hours later appeared in the air over the outskirts of Munich. A distance of 111 miles was covered in five hours. The count left Friedrichshafen with the intention of trying to sail from there to Munich and back. It was his intention to land here in the presence of the prince regent and the entire garrison, but owing to a squally and increasing wind the maneuver was impossible. The attempt was made over the parade grounds outside the city, but as soon as it was seen to be impossible the ship lifted again into the air.

The count then decided to return to Munich, but by this time the wind was so strong that he could make no headway against it, and it was noticed that the airship was driven sideways down the wind. When the seriousness of the run was realized troops were ordered out to follow and be prepared to render any assistance possible.

The count endeavored to overcome the resistance of the wind by rising to a greater altitude, but this maneuver apparently was not successful, for the balloon was driven rapidly from sight iin a northeasterly direction.

At a quarter past 11, two hours after its first appearance here, the airship was over Freysing.

The airship is manned by Count Zeppelin, Major Sperling, several of his engineer corps and a few soldiers from the balloon battalion of the German army.

CLASH OF EVIDENCE MARKS SNEARLY HEARING

Testimony of Nurse Contradicts That of Other Witnesses.

Columbia City, Ind., April 1.—Nearing its close, evidence of witnesses in the habeas corpus proceedings instituted by Dr. George Snearly, of Roann, accused of wife poisoning, is extremely conflicting. Jacob Snearly, father of defendant, stated he was at the death bed of Mrs. Snearly and that she died quietly and peacefully and he saw no medicine administered hypodermically. Lelia Titus, the domestic, said Mrs. Snearly was delirious a portion of the time and died in spasms after the administering of chloroform and a hypodermic.

The star witness for the state is Miss Carrie Ritter, who attended Mrs. Snearly during her last illness. The nurse stated that on the night of her death Mrs. Snearly was delirious a portion of the time and very nervous, but had taken capsules prepared by Dr. Snearly, and said to him, "That don't taste like the others; you are doping me. How can you do such a thing when I love you so? I would do anything in the world for you."

After this Mrs. Snearly placed her arms about her husband's neck and prayed God to forgive him and save his soul. After this outburst the patient became very restless and Dr. Snearly administered a hypodermic which Miss Ritter says contained chloroform instead of strychnine, as she could smell it.

At the conclusion of the testimony this morning Judge Wrigley deferred the matter for argument to Monday next.

Harley J. Hudson, for the past six months with the Stall Jewelry store in this city, has gone to New York state, where he formerly resided.

TEACHERS APPEAR TO FAVOR MERGER

First Joint Convention to Take Up Its Work at Indianapolis.

LITTLE TOWN OF VELPEN HAS FIRE

New Officers for Indiana King's Daughters—Other News of the State.

Indianapolis, Ind., April 1.—School teachers from all parts of the state began arriving in this city today for the first joint convention of the northern and the southern Indiana associations, which will open this evening. By tomorrow it is expected the city will be entertaining five thousand of them. The headquarters of the northern association are at the Claypool hotel, and of the southern association at the Denison. All the hotels are crowded and the capacity of the city's boarding and rooming houses and restaurants will be taxed.

The northern association will occupy Tomlinson hall this evening and will be addressed by Brander Matthews, of Columbia university, New York city, on "Aspects of the Drama," and by President Giles, of the association, on "Some Phases of Moral Education."

Robert J. Aley, state superintendent of public instructions, as the retiring head of the association, will present the new president, T. F. Fitzgibbon, who will deliver an address on "Positive Life in the Schools."

Other educators of national prominence will address the sessions that are to be held until the close of the week. The report of the joint committee of the two associations will be received and acted upon. The general sentiment among the teachers seems to be that the associations should be merged into the state association, and that the annual meeting of the latter should be held in the spring instead of in December, its work to be supplemented by district association meetings.

KING'S DAUGHTERS ELECT.

Fort Wayne Ladies Among Those Chosen at Terre Haute.

Terre Haute, Ind., April 1.—The King's Daughters of Indiana elected the following officers today:

State secretary, Miss Nellie Filbeck, Terre Haute; assistant secretary, Miss Margaret Vesey, Fort Wayne; recording secretary, Miss Clara Lock, Terre Haute; treasurer, Mrs. T. E. Helz, Madison; executive board, Mrs. Lewis Orth, Terre Haute; Mrs. Charles Woodruff, Ligonier; Mrs. Frank Wall, Logansport; Mrs. J. Ellsworth Monroe, Connersville; Mrs. Robert Harding, Fort Wayne.

Indianapolis was chosen as the place for meeting next year.

WILL BLOSSOM OUT.

Cigarette Merchants Preparing for Tremendous Show.

Indianapolis, April 1.—A few hours after Governor Marshall announces, about two weeks from now, that the recent legislature's repeal of the anti-cigarette law is in force, the business streets of Indianapolis and the smaller cities and towns of Indiana will blossom with gorgeous window displays of a luxury contraband in this state during the last four years.

While the sale of cigarettes has continued in Indiana, it is said that enormously increased orders now are being sent to the factories. In violation of law, it is computed that $100,000 worth of cigarettes were sold by Indianapolis jobbers last year. They have no doubt they will sell $200,000 worth this year.

ENTIRE BLOCK IS BURNED.

Little Town of Velpen Suffers Blaze of Incendiary Origin.

Petersburg, Ind., April 1.—Fire of an incendiary origin early today destroyed a business block in the town of Velpen, eighteen miles east of here on the Southern railroad. The town has a population of 300 and has no fire protection and it was only by hard work that the fire was stopped with only the destruction of five buildings. The fire was first discovered in the Velpen hotel building, conducted by J. F. Geddas, and from there spread south and north, destroying John D. Bass' barber shop and photograph gallery, the millinery and furniture store of Mrs. Emma Henning and also the confectionery store of Louis Arnold. About two years ago Velpen was visited by a fire which destroyed the business section of the town on the opposite side of the street and the town was just recovering from this fire when that of last night occurred.

MRS. KERN APPOINTED.

Named by Governor Marshall as Trustee of Indiana Girls' School.

Indianapolis, Ind., April 1.—Mrs. John W. Kern, of Indianapolis, was appointed by Governor Marshall today to succeed Mrs. Isabel J. Bell, of Kokomo on the board of trustees of the Indiana Girl's school.

Governor Marshall also announced the appointment of Harry B. Darling, editor of the Laporte Argus-Bulletin, of Laporte as member of the state board of pardons to succeed Thomas Dailey, of Indianapolis.

BUFFALO PLUMBERS STRIKE.

Buffalo, N. Y., April 1.—Two hundred and fifty plumbers struck today. They demand an increase in wages from $3.50 to $4.00 a day.

LIVED SIXTY YEARS IN HOME WHERE SHE DIED

Mrs. Henrietta Nestel's Life of 81 Years at End—Other Deaths.

Mrs. Henrietta Nestel, aged 80 years, 10 months and 28 days, passed away at 8 o'clock this morning at her home at 1149 Lafayette street, where she has resided ever since her arrival in Fort Wayne with her husband, Philip Nestel, in 1844, sixty years ago. Death resulted after a long sickness, due to the infirmities of old age.

The Nestel home is of the old style substantial variety and in it also occurred the death of her husband thirteen years ago. Mr. Nestel was one of the best known tanners in Fort Wayne and the family has always been regarded very highly. Mrs. Nestel was born in German in 1828 and came direct to Fort Wayne after arriving in this country in 1844. Surviving her are six children, of whom Edward and Adolph Nestel and Mrs. Charlotte Miller and Mrs. Katherine Dial live in this city. Mrs. Carrie Burchard and Mrs. Henrietta Cherry are residents of Lima, O.

FISHER.

Henry Fisher, aged 65 years, died Tuesday evening at his home in St. Louis after an illness from a complication of diseases. He was a brother of Mrs. Carl Meyer, of this city, and for five years, from 1860 to 1865, was connected with the local Meyer Brothers' drug store.

In 1870 he went to St. Louis and established a pharmacy, which his son, Louis, has been managing for the past few years. His wife died twenty-five years ago and the son and daughter, Miss Dorothy Meyer, are the only surviving members of the direct family.

TEGTMEYER.

The death of Mrs. Clara Marie Tegtmeyer, wife of Henry Tegtmeyer, occurred Wednesday afternoon at 4:30 o'clock at the family residence, 645 West Fifth street. The deceased was thirty-four years of age and had been a resident of Fort Wayne all her life. Death resulted from pneumona.

Mrs. Tegtmeyer was a daughter of Mr. and Mrs. Christian P. Bohn, still residents of the city, and she was a woman highly esteemed among a wide circle of friends. Surviving besides her husband and parents are five children, Harold, Henry, Erwin, Herbert and Edgar. Nine brothers and sisters also survive as follows: Carl Bohn, of Fort Wayne; Adolph, of Chicago; August, of Crestline, Ohio; Theodore, of Fort Wayne; Paul, who is in the navy; Walter, Oscar, Arthur and Miss Louise Bohn, of Crestline, Ohio.

Funeral services Sunday afternoon at 2 o'clock from the residence and at 2:30 from the Trinity Lutheran church, Rev. Stoeppelwerth officiating. Services both in English and German.

BOLINGER.

Joseph Bolinger, aged 79 years, died Tuesday afternoon at his home in Lafayette township after a residence of fifty-six years in this county. The deceased had been ill for some time and death finally resulted from a complication of diseases.

Mr. Bolinger was born and attained his manhood in Monroe county, Ohio, and three years after being married to Miss Barbara Dennis, in September, 1850, came to this county with his wife. He came to be one of the best known farmers in Lafayette township and was highly regarded as an industrious and worthy man.

Funeral services Friday morning at 11 o'clock from the Roanoke Methodist Episcopal church under the auspices of the Masonic lodge. Interment at Glenwood cemetery.

FUNERAL ANNOUNCEMENTS.

Madden.—The funeral services of John Madden will be held Sunday afternoon at 1:30 o'clock from the residence, 303 West Jefferson street, and at 2:30 o'clock from the St. Joe chapel. Interment in Parker cemetery.

MODERWELL CASE IS WITHDRAWN FROM JURORS

Plea of Guilty Entered to Trespass and Fines Assessed.

In the circuit court this morning the charge of conspiracy against Hiram C. and Jay Moderwell was withdrawn from the jury and under an arrangement with the state each of them entered a plea of guilty to the charge of malicious trespass and fines of $50 and costs were assessed against each of them. Late yesterday afternoon the charge against Walter Schane was dismissed and he was used as a witness by the state.

He testified that the Moderwells had approached him and asked him to do the smashing but that he declined to do it and there was nothing introduced in the case to show who had done the actual work of breaking the big flagstones of which the famous fence was constructed.

The case had been on trial since Monday morning and most of the evidence was before the jury when it was finally withdrawn and the fence case passed into history. Both of the fines have been paid and the whole matter closed up.

BENJAMIN DALE HAS ANOTHER DAY IN LIMELIGHT

Lad Accuses Saloon Man of Selling Him Red Liquor.

Benjamin H. Dale, the lad who pursued and captured a bogus agent of the "When Knighthood Was in Flower" company when he was about to escape with a watch and some money belonging to Dale and another lad, was in the city court this morning on the charge of drunkenness and he testified unequivocally that he bought whisky in Joe Ludwig's saloon at Calhoun and Baker streets.

Ludwig was there with a number of witnesses ready to prove that he had not sold Dale any liquor, although he had not been accused of the act, but it was unnecessary as there is no disposition to file an affidavit against him, although the boy is only a little over sixteen years of age. He was picked up by Patrolman Stevens yesterday afternoon and said then and told the officer again in his cell before court that he got liquor at Ludwig's. The saloon man evidently had some inside information as he was there with his witnesses before any charge was filed.

Dale would not tell the names of his companions who got away from the officer, so the judge held him under a bond of $25 until tomorrow morning and said he might refresh his memory in the meantime.

Jake Shoup, an old offender who has not been up for some time, was given a fine of $5 and costs for drunkenness.

A case against a traveling salesman, who gave the name of Isaac Jones, was dismissed as the police had let him go before the case came up for trial.

LOCK-JAW DEVELOPS.

Ed Raypole in Critical Condition and May Not Recover.

Ed Raypole, the barber who submitted to the amputation of his foot as the result of having it mashed under a street car last week, is now suffering from lock-jaw and it is feared he can not survive.

The mother and sister of the unfortunate man arrived in the city at noon today from Fremont, O., and with other members of the family are at Mr. Raypole's bedside.

AMERICANS SAIL AWAY.

Last of the Troops Leave Cuba for Newport News.

Havana, April 1.—A final general order issued by Major General Thomas H. Barry this morning brought an end to the exisience of the army of pacification in Cuba, as such, and at 10 o'clock the transports Sumner and McClellan, with the last of the American soldiers on board, left the arsenal dock for Newport News.

MAY QUIT HIS PLACE.

San Francisco, April 1.—It is reported here that Governor General Smith, of the Philippines, will resign his executive position and sail for this city May 15th, to resume the practice of law which he abandoned when the Spanish-American war began.

We are now showing a complete line of boys' waists, made of the very best materials, at 50c.

WILBUR WRIGHT AT ROME.

American Aeroplanist May Get Audience With Italian King.

Rome, April 1.—Ambassador Griscom has asked King Victor Emmanuel to grant an audience to Wilbur Wright, the American aeroplanist, and Hart O. Berg, his European business manager.

Mr. Wright arrived here this morning from France. As soon as his presence in Rome became known many persons of prominence left their cards at his hotel. Accompanied by Mr. Berg, Mr. Wright visited Major Morris, head of the Italian military service, who greeted the Americans warmly.

Mr. Wright's airship has arrived from Pau and is being put together. The field chosen for the flights is located six miles from the city on the historic Appian Way. The property belongs to the Marquis Roccagiovane. The newspapers of Rome extend a hearty welcome to Mr. Wright.

Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.

It Makes Weak Women Strong, Sick Women Well.

MR. M'CULLOCH GETS INTO RACE FOR MAYORALTY

Well Known Banker First to Make Formal Public Announcement.

The first formal public announcement of candidacy for the mayoralty in Fort Wayne this year is that of Hon. Charles McCulloch, who in a card today consents to the presentation of his name to the coming democratic primaries as a candidate for that place.

CHARLES M'CULLOCH,

Announced as Candidate for Democratic Mayoralty Nomination.

Mr. McCulloch's name was mentioned in this connection some days ago, without authoritative information regarding his wishes in the matter, but the suggestion was so favorably received that Mr. McCulloch has been prevailed upon to enter the race. In a statement to the democracy and citizens of Fort Wayne generally he sets forth his position in the matter.

Mr. McCulloch's Card.

Mr. McCulloch's card is as follows:

"To the Democracy and Citizens of Fort Wayne: As a very large number of citizens have requested me to announce myself as a candidate for mayor, and as I feel that it would be a great honor to be the chief executive of the city where I was born and have lived for so many years, I have decided to permit my name to be presented to the democratic primaries to be voted upon for that position. I have always taken a deep interest in the welfare of our city, and particularly in the most important questions of an abundant and pure water supply, of track elevation and a successful municipal lighting system that the people by their votes have demanded and that has been put in operation by the present administration. I hope to see this system so extended over the city that every householder can have the comfort and convenience of electric lighting at the lower cost consistent with a proper maintenance of the plant. If elected I will use my best efforts to put into operation all measures that will add to the comfort, happiness and welfare of our citizens, and at the same time keep pace with the expectations of those who desire to see Fort Wayne as progressive and beautiful as any other city of its size.

"In the future I will publicly announce my views upon the various important questions relating to city affairs and in that way give our citizens to understand what I will try to do if I am elected mayor.

"CHARLES M'CULLOCH."

Always Active Citizen.

Mr. McCulloch has during his entire lifetime been so actively identified with the business and general growth and advancement of Fort Wayne that his candidacy is regarded as an exceptionally strong one. Years ago he was one of the leaders in the effort for municipal ownership of the waterworks, and he served as a member of the waterworks board of trustees during the building and extension of the system. The municipal lighting system, also, had his cordial support and during a long and active career he has given freely of his time, his talents and his money for the advancement of Fort Wayne and the interests of its people.

Other Political Chat.

Oswald Stahn is among the number who are making an active canvass for the democratic nomination for city clerk.

Republicans are endeavoring to induce Dr. L. P. Drayer to make the race for councilman-at-large.

Frank A. Biemer, treasurer of the Majestic theater, and Benno Ungemach, of the Freie-Presse, are mentioned as democratic councilmanic candidates in the Second ward.

AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md. — "For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. FORD, 1938 Lansdowne St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and to-day is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed.

If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice write to Mrs. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

WHY MANY SUFFER FROM INDESTION AND STOMACH MISERY

Also the Most Certain Home Cure for All Stomach Trouble.

Does it ever occur to you how busy that little stomach of yours is? It actually only holds three pints, though in one year you force it to take in 2,500 pounds of material, digest it and prepare it for assimilation to the blood. Do you wonder at the number of cases of Indigestion and Stomach trouble? You crowd it with steaks and pastry, irritate its juices with spices and acids and expect this little four-ounce mill to do its work.

Is there any wonder that your food passes undigested, or lays like a lump of lead in the stomach? That everything you eat turns to acid, Stomach gas and Stomach poison, putrefying the intestines and digestive canals, causing Biliousness, Headaches, Dizziness and Indigestion, Heartburn, Nauseous Breath, Constipation and other more dangerous symptoms?

Call your disease what you will—Indigestion, Gastritis, Nervousness, Dyspepsia, Catarrh of Stomach, etc. You know the real name, the real disease is fermentation of the food you eat—a sour Stomach, which belches gas and erupts undigested food or causes a feeling of nausea and miserableness.

All these miseries vanish promptly when you stop this food fermentation. Take fifty cents to your pharmacist for a case of Papa's Diapepsin. Eat a triangule, and five minutes later your Stomach will do what a healthy Stomach should—that is, turn every bite you eat into bodily nourishment and without you realizing that you have a Stomach. One triangule will digest all the food you eat without the aid of the stomach, because it contains just the elements found in a good, strong, healthy stomach.

INSPECTIONS THIS MONTH.

The inspection party composed of officers of the State National Guard will be in Fort Wayne on April 12th to inspect the Battery B and the field artillery and on April 20th to examine Company D. The two inspection parties covering the state started out this morning and the itineraries cover periods of nearly a month.

A RELIGIOUS AUTHOR'S STATEMENT.

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." Dreier & Bro.

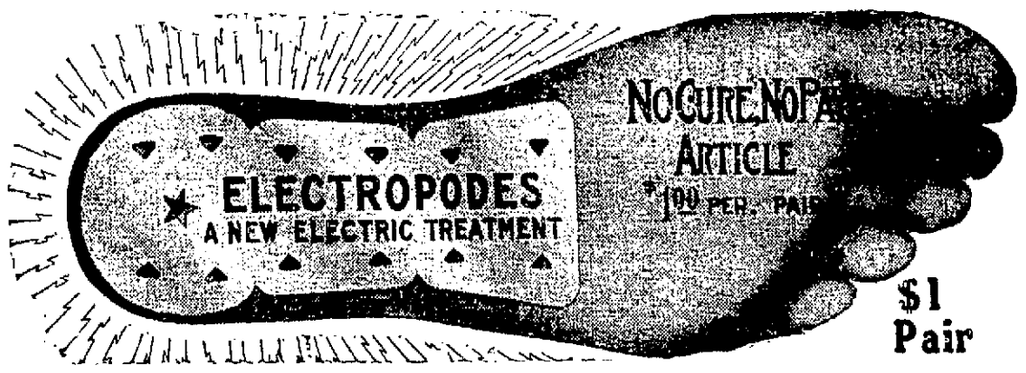
STOP TAKING DRUGS And Try the New Electric Treatment



A sure and positive cure for rheumatism in any form. They build up the entire nervous system, thus curing nervous headaches and all nervous ailments. They positively restore a good circulation of the blood and make cold feet warm. Ask your druggist to see Electropodes and if he cannot supply you, send direct to the Electropode Company, Lima, Ohio, and try a pair. The money is positively refunded if they are not satisfactory or fail to cure. Mention ladies or gents.

ELECTROPODES

Are chemically treated metal insoles, zinc and copper, the same as a galvanic battery. The zinc is worn in one shoe, the copper in the other. The nerves themselves are the connecting wires between the positive and negative, and every nerve of the body is fed a mild and soothing current of electricity the entire day which positively cures.

A CONTRACT

Is signed by all druggists, agreeing to refund the money if Electropodes fail to cure rheumatism, Neralgia, Lumbago, Sleeplessness, Bad circulation, Cold Feet, Cramps, Nervous Headaches and other nervous ailments. They build up the inside nerves, thus curing Kidney, Liver and Stomach troubles. Try a pair for thirty days and be convinced of the wonderful merit there is in a proper Electric Treatment.

PROFIT BY OTHERS' EXPERIENCE

Gray Hair Restored

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

Grew Hair on a Bald Head

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

WITHOUT REPRESENTATION.

The big interests which fatten on the tariff are represented in Washington by a swarming lobby. The people, whom a tariff burdens, are supposititiously represented by congress. As a whole the people are not represented. Their chief interests are not being looked after save in so far as a mixed and helpless minority can do so. Every tariff fed fatling is represented in an aggressive and influential manner. That this representation counts is best seen in the fashion of the tariff bill. To the powerful little coterie of house and senate that leads congress and puts its doings under compulsion is added the power of a resourceful, perfectly generaled and imposing lobby. Against such a coalition of forces the minority that would do well if it could has no more chance than a mob against seasoned troops and for the same reason.

We believe, however, that out of this impending betrayal of the people, which in all human probability will in due course be fully consummated, will come a lesson the people will not fail to turn to profitable account. The demand for relief will not cease with the passage of the pending bill, which gives no relief. In the next congress the people will be represented.

Senator Beveridge recently declared that this tariff bill would be the last a partisan majority in congress would frame on its own initiative and in pursuit of its own devices. He meant that before another tariff measure could be practicable a permanent tariff commission would be created by law. That is much to hope for; much to be hoped for. But, whether or no, as to a tariff commission, we believe the honest indignation of the people who cannot now get even a small part of what they want by way of relief from the excessive burden of living will crystallize into a militant sentiment moving mightily in one direction that will so reform congress as to make honest tariff reform not only possible, but inevitable.

Testimony under oath will be required to prove your canny uncle, Andy Carnegie, was sputtering through his golf cap when he declared to the ways and means committee that the American steel industry no longer needed the protection of any tariff. The Lorain Steel company has just tremendously out-bid British and German manufacturers in competition for a modest order of train rails and fish plates wanted in Glasgow. The bids were for the order delivered in Glasgow, so that to the price of production the Lorain company had to add the cost of about 4,000 miles of transportation. Some margin of profit is left, of course or the American concern would not have sought the order. What is hereby proved of rails is undeniably true of other steel manufactures. American steel has been extensively competing with British and German steel in foreign markets, while prohibitive tariff schedules have delivered to them the home market to rape at any price up to the limit the tariff made possible. And in spite of demonstrated facts that no one is more familiar with than himself Charles M. Schwab has repeatedly declared the steel schedules should not be meddled with in revising the tariff. The Payne bill does reduce the steel schedules, but not enough to hurt much, if the American prices given in Glasgow are any criterion.

There appears to be some disposition to be lenient with the woman concerned in the kidnaping of the Whitla lad at Sharon. Whether this is due to want of evidence upon which to prosecute her for that part of the crime committed in the Pennsylvania jurisdiction or to real sentiments of charity for the woman is not clear. Perhaps the true reason may be in the gossip immediately following her arrest that beneath the whole affair lay scandals that those most directly concerned in the recovery of the stolen boy would be extremely reluctant to stir up. At all events there is some prospect of a miscarriage of justice in the case of the woman, and it is much to be hoped that misgivings on this score will prove unfounded. There should be no leniency with the crime of child stealing and the Pennsylvania authorities will fail in a great duty if any considerations are permitted in any degree to qualify the measure of justice in this case.

"Indiana dry by 1912" provoked the derision of the scornful when prohibitionists and the Anti-Saloon league, fighting their common enemy by different methods from different points, chose that as the slogan of the conflict. The Methodists in conference at Greenfield have gone one year better and see the vision of a "dry" Indiana in 1911. Certainly the rapidity with which the option law is multiplying the "dry" counties justifies the hope. State-wide prohibition enactment will naturally follow, though not so soon as that probably. Constitutional changes will be necessary to effect that.

There is some progress at any rate. The Wabash railway has got to the point of proposing a practical scheme of track elevation that will be satisfactory to itself and not objectionable to the city. When it can bring itself to the point of an equitable division of the cost the thing will doubtless be a go. Meanwhile, there is no occasion to toss hats. The Wabash moves slowly.

With Dr. Eliot abroad "the peoples of the world will know our true character." This from Elihu Root will just about make a fragrant pipeful for Ambassador Whitelaw Reid while waiting for Dr. Eliot to come over and show 'em.

Herr Bertha Krupp it seems has married too much money. His wife wants a divorce and of course will get it. The ironmongering lady no doubt is willing to pay alimony in chunks and let him resume his manhood name.

Progressive tariff revision along the lines at present pursued and the ultimate consumer will stand in a fair way to be ultimately consumed.

Don't see me if you are looking for a job. If the state needs your services I will see you—Governor Marshall.

The blind tiger clause appears hereabouts to hurt nobody.

WOMEN'S WOES

Fort Wayne Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. Elizabeth Swaidner, 315 Dawson street, Fort Wayne, Ind., says: "Kidney trouble kept me in misery for at least four years and I suffered a great deal from steady pains across the small of my back. The kidney secretions also caused me great annoyance on account of their irregularity in passage. In Doan's Kidney Pills, procured from Meyer Bros. Co.'s drug store, I found prompt and lasting relief. I do not hesitate to recommend this remedy as one that lives up to the claims made for it."

CUTLER AND ONE OF HIS DIFFICULT MASSE SHOTS

ALBERT G. CUTLER. PHOTO BY CHICKERING

CUTLERS FORTIETH SHOT IN HIS LAST INNING

New York, March 31.—Albert G. Cutler, of Boston, defeated Louis Cure, of Paris, by a score of 500 to 259 in his match with the Frenchman at Madison Square Garden.

The winner played well periodically. In the fourth inning he ran 95, beating his best previous individual score in the games he played last week, and he closed the contest with a well-earned 58, the fortieth point of which was obtained by the best masse executed in any game of the tourney. He never before displayed better general execution, but his close work was not of his usual standard, and consequently made the game hard for himself. Exercising poor judgment, he resorted to long drives when short ones were not only available but promised better results.

At the end of the fourth inning the score was 141 to 43 in Cutler's favor. Seven innings later he reached 200, with a lead of 74. A run of 51 in the nineteenth made his total 340, while that of his adversary was 213. After the twenty-fifth the bulletin showed the respective scores 429 and 253.

ENGINEERS TO MEET WEDNESDAY ON PLANS

Wabash Shows Fight in the Division of Costs—City Matters.

There will be a meeting Wednesday between Frank Randall, city civil engineer, and C. O. Cunningham and Fred Graham, of the Wabash and Pennsylvania companies respectively at which the plans submitted yesterday will be taken up for consideration and a move made in the direction of track elevation. The Wabash is still insisting on a division of the entire costs on the basis of 25 per cent for the city and the remainder for the railroads and traction companies and like the Pennsylvania is proceeding in the matter with every care to preserve the rights to appeal from the board.

Nothing very satisfactory grew out of the meeting of yesterday afternoon and except that the new plans are good to look at and offer a number of suggestions as to the manner of making the improvements very little actual progress was made. It will be necessary to call a meeting with the interested property holders as soon as the engineers get through with their consultation over the plans.

Municipal Notes.

City Attorney Guy Colerick and Engineer Frank Randall will go to Indianapolis on Thursday of next week to meet the officials of the larger cities of the state for a discussion of the new paving laws. The meeting will be held in the office of Corporation Council Matson. In many of the larger cities the boards of public works are at sea over the new laws and have ordered no public improvements and while plans have been ordered here the laws do not seem exactly clear.

Building permits issued during the month of March, 1909, were far ahead of the corresponding period of last year, both in the number and amount. During the month just passed Clerk Henry Becker issued forty-four permits for all kinds of work, from remodeling hotels to erecting dwelling houses and the total reached is $94,305. During the corresponding period of 1908 thirty-five permits were issued for a total of $52,735. One noticeable point in this connection is that twenty-eight of the permits granted last month were for dwelling houses.

Flesh-Forming Food

When you buy a package of Samose, the great flesh forming food, weigh yourself and see how much you gain in the first week's use. Meyer Bros. Co. will tell of many of their customers who a month or so ago were thin, pale and haggard, but who are now, through the use of Samose, plump, strong and happy, with perfect health and attractive flesh. They have seen so many instances of the wonderful power of Samose to restore the weak and sick to strength and health, and to make good natural flesh that they give their personal guarantee with every package of Samose they sell to refund the money if it does not prove satisfactory.

Samose is a pure preparation, and can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak and run down and without appetite. It builds up the thin, pale, puny girl and woman to perfect plumpness and health. It is the only flesh-forming food of its kind and in addition, it strengthens every organ of the body, restoring strength and health to the whole system.

Our agents are instructed to refund the price if Samose does not give satisfaction. The Dr. Howard Co., Binghamton, N. Y.

Tacoma's Striking Experiences

On the Pacific slope we find the same valuable nuggets of experience in municipal lighting as on the Atlantic coast and in those regions fortunate enough to be nearer Fort Wayne.

Tacoma, Washington, has had a remarkable experience.

As the city, however, followed other cities in bad accounting practices there exist no detail records of cost to the city of manufacturing its own electricity. Operating figures are not to be found.

The results, however, of both city and subsequent private operation are established by such facts as have reached the public through the Tacoma News, the Western Electrician and the Scientific American Supplement.

From the figures therein presented it is learned that the date of the purchase of its power plant by Tacoma was 1893, and the invoice value was $178,940.

The cost value itemized somewhat more, for the plant consisted of thirteen boilers and fittings valued at $12,800; nine engines, valued at $53,000, and fifteen dynomas and auxiliary apparatus valued at $120,370, a total of $186,170, without land or buildings. These and additional investment brought up the total investment to some $287,000.

Within five years it appears that the city had already found out some sad facts for itself. In the comptroller's report for 1898, when the city received its power from the lighting system of the Tacoma Railways Company, it is stated that a saving was effected compared with the operation of the old electric light plant by the city.

The Aacoma Railways Company user the same plant, however, which had been operated as a municipal proposition by the city and which had proved a failure finally.

According to the same records it appears that in 1905 the receipts in round numbers were $28,000; operating the plant cost $45,500, and repairs and maintenance cost $6,500, not including the interest on the investment, amounting to another $12,500.

In other words, with $28,000 receipts the annual expense was not less than $64,500; a yearly loss of $36,500 or over.

The DEPRECIATION in the plant was allowed to GET THE START of those operating it, and INEFFICIENCY resulted. This meant, as it always means, absolute waste, measurable by dollars—and thousands of them.

It mattered not who operated the plant, CITY OR COMPANY, for the NEGLECT of constant and LARGE EXPENDITURES in the earlier years, for renewals, doomed the plant as a profit-earner.

In 1906 the operating, repairs and maintenance cost was $36,000, without the interest, and the receipts were $28,000.

Here we have $48,500 for total expense, including interest, and receipts over $20,000 less. Another loss of $20,000 in a single year.

In 1907 the operating expense, including repairs and maintenance, was $41,000; adding interest makes $53,500, and receipts were $35,000; a deficit of $18,500.

Despite all the extraordinary repairs of the last three years, there was no offsetting the neglect of the previous years.

This means—there is no dodging its significance—that the city or company not prepared to make large and continuous outlays for annual renewals on its electric lighting plant is only inviting a waste of its substance and losses that make straight for disaster. To such the game isn't worth the candle.

There is NO RIPE FRUIT on the LOWER BOUGHS of the electric-lighting tree.

The only fruit WORTH PICKING ripens so far from the ground that MANY A FATALITY has attended attempts to reach it.

This company has NEVER YET PICKED ENOUGH up there to hand down a DIVIDEND.

IN THE CITY'S CHURCHES

TO DECIDE ON PLANS

For New English Lutheran Church of the Redeemer.

Considerable interest attaches to the meeting of the congregation of the English Lutheran church, to be held on Friday evening. At that time the members will decide upon the plans for the new church, which is to be erected at a cost of about $30,000. At a meeting on March 5 plans and specifications for the new edifice were submitted by five local architects, one of whom has since withdrawn. Those architects figuring on the edifice are Mahurin & Mahurin, J. M. E. Riedel, Griffith & Fair and Henry W. Meyer. The plans, since the March meeting, have been on exhibition in the Sunday school room of the church, where the members of the congregation have been afforded an opportunity of considering them and deciding on the most favorable.

If present plans mature, the new church of the Redeemer will be erected at a cost of $30,000, but according to the pastor, Rev. Theodore F. Hahn, the foundation for the new building will hardly be laid before next fall and the superstructure erected until the spring of 1910. Upon the erection of the church the present building will be used as a parish house, where church societies and clubs may meet and social affairs be conducted. The present building will be removed to the rear of the lot on which it now stands and will be faced with brick to harmonize with the new church.

RELIGION MAN'S DUTY.

Rev. George Moorman in Lenten Sermon Cites Dangers of Irreligion.

That irreligion is the blight of our age and has been brought into the world by a departure from Christ and Christ's doctrine was clearly pointed out in Rev. George Moorman's eloquent sermon on "Irreligion," delivered at the Cathedral Wednesday evening. His sermon was based on the text, "Seek ye first the Kingdom of God." Matt. 6:33, and was the fifth and last of a series of apologetical sermons preached during the Lenten season and was heard by an immense congregation.

"Religion," said the speaker, "is man's duty. Worship is his life-task. But yet the world is irreligious. Look out upon earth's swarming millions, hearken to the mighty beat of the world's busy heart, behold the struggle for life, listen to the cry for bread, listen to the thousand voices of pleasure and of poverty, of ambition and of failure, and it would seem as if all that wicked world was shouting up to heaven, in the words of the impious fool: 'Non est Deus—there is no God!' Non serviam—I will not serve.'

"The age we live in," he continued, 'is frequently styled the 'age of progress,' and such it is in many respects. But whilst we look with a certain pride upon our age, there are not wanting grave causes of alarm. Where there are strong lights, there also are found deep shadows. Absorbing devotion to material interests must interfere with the attention due to our spiritual requirements. As our Divine Saviour so pointedly put it, 'No man can serve two masters.' Hence we find that the phenomenal progress along material lines, in which the minds and hearts of men are so completely absorbed at present, is accompanied by a retrograde movement in religious asperations."

That men still claim to be religious, but for the most part appreciate a religion of their own making, was cited by Father Moorman. "They pray no longer," he said, "'Lord Thy will be done!' but 'My will be done!' Blinded by material prosperity, wholly wrapped up in the things of earth, men are forgetting Christ and the keynote of all His teachings, 'Seek ye first the kingdom of God.'"

In conclusion the speaker said: "Forgetfulness of Christ is the bane; the return to Christ is the antidote. The Saviour's mission was not to foster material prosperity, but the spiritual; to show men the way to heaven by teaching them to lead lives of faith, hope and charity. It was the emphasis which Christ placed upon the supernatural that made the world Christian. 'Thus the purest among the strong and the strongest among the pure, Christ Jesus lifted with His wounded hands empires from their hinges and changed the course of the stream of ages.' The true follower of Christ necessarily leads a supernatural life from the cradle to the grave. He is ever in vital union with Christ; even as the branches that bear the empurpled grape are in vital union with the vine. Hence his motto is in spiritual matters as well as in material 'Excelsior.' His ever present though is 'What shall it profit a man if he gain the whole world, but suffer the loss of his immortal soul?'"

GROWING IN INTEREST.

Rev. Dr. Bomberger Greeted by Large Congregation at Revival.

A stirring and eloquent sermon delivered by Rev. Dr. Bomberger at the revival at Grace Reformed church was heard by a large and appreciative congregation Wednesday evening. He dwelt primarily upon the question, "Where is thy brother?" setting forth the fact that God has apportioned to each one of us a group of people for whom we are responsible as their keepers. That our influence should always be such that it will be a power for leading our neighbor onward and upward was clearly demonstrated, the speaker proving that we are instruments in the hands of the Almighty for winning souls to Christ.

This evening Dr. Bomberger will preach on "A Significant Answer" and on Friday evening his topic will be "Show Your Colors." The boys and girls are especially urged to attend the service tomorrow evening.

ACADEMY SCHOLASTIC NOTES.

St. Catherine's Alumnae Association to Have Program After Easter.

The members of the Alumnae association of St. Catherine's academy will have a social program at their alma mater on Thursday evening, April 15. Miss Ora Rauner is president of the association and the program is being arranged under the direction of the executive committee formed by Miss Celeste Miller, Miss Frances Maines and Miss Alberta Welch.

The social affair to be given by the Alumnae association of St. Augustine's academy, shortly after Easter, will likely be a progressive card party, hand-painted china to be given as favors.

The students at both academies completed on Tuesday the examination prescribed by the superior general of the Order of Providence at St. Mary's-of-the-Woods. This morning they began the written examination prepared by Rev. A. E. Lafontaine, diocesan school superintendent.

AMONG THE CHURCHES.

Daily Record of Current Events in Religious Circles.

Under the auspices of the Ladies' Aid society of the Third Presbyterian church the Wabash College Glee club will give an entertainment and concert in the local church on Thursday evening, April 8. Gratifying press notices have been given the vocalists in the different cities visited and their forthcoming program in Fort Wayne is looked forward to with considerable pleasure.

The week commencing April 5 has been set apart at the First Presbyterian church for special services. Members are urged to avoid as far as possible making any engagements that will interfere with their attendance at the evening services. Local pastors will be heard during the week on topics appropriate to the Lenten season.

Next week will be observed with special services each evening at Plymouth Congregational church. The new Alexander song book will be used in these meetings. The parsonage of Plymouth church is now 915 College street instead of 627 West Wayne street, Rev. Dr. and Mrs. Henry T. Sell having moved to the former address the beginning of the week.

Special services have been arranged for holy week at Christ's Lutheran church. The pastor, Rev. William H. Schrock, will speak on appropriate themes each evening at 7:45 o'clock. The confirmation of catechumens will take place Palm Sunday.

A meeting of the Ladies' association of Trinity Episcopal church was held in the parish house at 2:30 o'clock this afternoon.

Members of the choir of Trinity church under the direction of Prof. Frederick G. Church are engaged in rehearsing "The Crucifixion," by Stainer, to be given in the church at 3 o'clock next Sunday afternoon. The musical programs at both the morning and afternoon service will be appropriate to Palm Sunday. There will be no service in the evening.

The confirmation of the German class of catechumens will take place at 10 o'clock next Sunday morning at St. John's Evangelical church, Rev. H. P. Dannecker officiating. At the evening service at 7:30 he will confirm the English class of catechumens.

The Ladies' Missionary society of the West Jefferson Street Church of Christ will meet Friday afternoon at 2:30 o'clock at the home of the president of the society, Mrs. M. J. Barton, 925 Edgewater avenue.

A social meeting of the King's Heralds of Trinity Methodist Episcopal church will be held at 2:30 o'clock Saturday afternoon at the home of Miss Cloe Ambrose, 1633 High street. Readings and musical selections will be enjoyed during the afternoon.

Rev. and Mrs. J. Clair Leech, of Westminster Presbyterian church, held their first "at home" Tuesday afternoon at their apartments in the Hoagland. Hereafter they will be at home to their friends on Tuesday afternoons.

Rev. E. Q. Laudeman, pastor of Bethel Evangelical church, is in attendance at the north Indiana conference of the Evangelical association in progress at Elkhart and will be absent from the city over next Sunday. Services at Bethel church on Sunday will be in charge of Rev. James Trythall, who will occupy the pulpit both morning and evening.

DR. WADE REPORTS ON HIS DISTRICT

[Continued From Page One.]

wave, he said, is spreading in Germany and will soon provoke bitter fights in England and France. "The German emperor," declared Superintendent Shumaker, "has become a convert. He is himself a total abstainer and he is introducing temperance throughout the German empire.

Eleven Thousand Saloons Doomed.

"We have already passed the morning, I may say," the speaker continued, "in the destruction of this accursed monster, the liquor traffic, and the time is coming when on this whole globe of ours there will not be one foot of soil where the licensed saloon can exist.

"During the last year 11,000 saloons have been doomed in the United States, and 8,000,000 of people placed under the influence of prohibition. Saloons have been doomed at an average of forty a day. In Indiana we have been getting them at the rate of four a day. Within the last year at Gary, Ind., 110 saloons on the outskirts of that city—105 of them owned by Indiana and foreign brewers—were put out of business with a single blanket remonstrance. When the Moore remonstrance law was passed there were only two dry counties and not a single dry city in Indiana. When the county local option law was passed there were twenty-four dry counties and eighteen dry cities."

The speaker told of having been summoned to Governor Hanly's office before the special session of the legislature last September, and how he and the former governor canvassed the situation. "We formed a general idea," said Mr. Shumaker, "of what could be done if a special session were called. 'You leave the republicans to me,' Governor Hanly told me, 'and promise me six democratic votes and I will guarantee to pass a county local option law.' We canvassed the house thoroughly and finally found six democratic votes. We did not ask Governor Hanly to call the special session."

Sixty-Two Dry Counties.

"Today," said Mr. Shumaker, "there are sixty-two 'dry' counties in Indiana. Two more counties will vote next Tuesday. Twenty-one counties are filing petitions this week for elections next month. The counties which have already voted 'dry' have deemed 699 saloons. The counties which vote next month have 800 saloons in them.

"If I can see the day," the speaker said in conclusion, "when every county in Indiana will be voted dry I will be a happier man than if I had been elevated by the votes of the people to the presidency of the United States. I believe we are nearing the time when the people of Indiana will insist on the election of a legislature that will mean the final destruction of the liquor curse in this state. And I believe that in 1911, with a pull for state-wide prohibition—a long pull, a strong pull and a pull all together—that deadly accursed liquor traffic will fall to the earth."

Redistricting Worries Conference.

One of the questions agitating the two hundred and fifty or more ministers attending the conference is that of redistricting the conference. There are now six districts. The term of Presiding Elder Bennett, of the Goshen district has expired and the advisability of abolishing the district and redistricting the territory of the conference into five sections is before the officials for determination.

The laymen argue that five districts will be less expensive than six, while the ministers contend that five will mean more charges to the district and consequently more work for the superintendents.

The last general conference so fixed the duties of the superintendent that it would be unnecessary for them to visit their charges in the third and fourth quarters of the year.

Following Superintendent Shumaker's address Rev. C. B. Wilcox, of Decatur, preached the missionary sermon. Evangelist Don Nichols, who is holding night evangelistic services at the First Presbyterian church, conducted the Pentecostal services last evening. He was assisted by M. J. Hill, musical director, and James Heaton, soloist. Last night E. P. Sigler, of the South California conference spoke on "Tithing Day—How it Works, or God Bless It."

J. B. Trimble spoke also last night at the anniversary celebration of the board of foreign missions at which L. M. Edwards was the chairman. The forenoon yesterday was given over to business sessions. Various committees met during the afternoon.

The morning's session was the first general meeting. Monday's and Tuesday's meetings were merely preliminary. Bishop W. F. Anderson presided at the business session and responded to Rev. W. W. Lineberry's address of welcome. The conference sessions are being held at the Bradley M. E. church, Rev. Wallace W. Martin, pastor.

Officers were elected by the conference as follows: D. C. Williams, secretary; J. C. White and W. W. Martin, assistant secretaries; Lewis Reeves, statistical secretary; J. M. B. Reeves, P. C. Neal and C. C. Dunn assistant statistical secretaries; W. B. Freeland, treasurer; James McNary, John McNary and David Jones, assistants to the treasurer. The assistants were appointed by the newly elected officials. M. A. Harlan was elected representative for the Methodist Review. Communion service ended the morning session.

April Fool

The first day of April is not the only day that some clothing buyers are fooled. Many a man buys a suit of clothes that looks good to him when he buys it, but later on he finds that the suit was machine made, was only pressed into shape. That it had mercerized cotton in it to give it a smooth finish; the material begins to pucker up and in a short time the suit loses its shape.

The Man has Been Fooled

Whether he bought the suit on April 1st or a week later. "Ely Meyer," "Hirsh Wickwire," "Hart Schaffner & Marx" do not make a suit of clothes that is not made from pure wool material, cold and hot water shrunk. They do not make a suit that is not tailored by hand.

We guarantee every one of these suits to keep their color and retain their shape until worn out. If they fail to do this we replace the suit.

Question

How can a Patterson-Fletcher Co. customer be fooled?
Hand Tailored Suits, $15.0 0to $40.00.
Top Coats, $10.00 to $25.00.
Spring Overcoats, $10.00 to $35.

A Tonic or a Stimulant?

Ayer's Sarsaparilla is a tonic. It does not stimulate. It does not make you feel better one day, then as bad as ever the next. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic. Ask your doctor all about this. Trust him fully, and always do as he says.

SOCIETY

Mrs. William V. Douglass, of West Jefferson street, entertained quite informally this afternoon neighborhood friends of Mrs. A. R. Burr. Mr. and Mrs. Burr are to leave shortly for St. Paul, Minn., to live and Mrs. Douglass invited her guests to bring their sewing for a farewell visit with Mrs. Burr.

* * *

Mr. and Mrs. B. S. O'Connor entertained a dinner party of twelve covers last evening in honor of Mr. and Mrs. J. C. O'Connor, of Paris. The table and diningroom were beautifully decorated with violets. The shades to the lights were violet in color and the ladies of the party received corsage bouquets of the flowers. A game of bridge followed the dinner. This afternoon Mrs. O'Connor invited a few children to meet the three small daughters of Mr. and Mrs. J. C. O'Connor. Only a limited number of little people were invited owing to the Lenten season, but the arrangements were suggestive of Easter and lovely in every detail. Pink and white were the prevailing colors. The names of the little honor guests are Ivor, Cornelia and Eleanore O'Connor. The visitors expect to leave tomorrow for visits in Washington and New York after which they are to return to France. Among the several parties given in honor of the visitors were two companies by Mr. and Mrs. Bernard Hodekin. The city guests at the social affairs have been relatives and old friends of Mr. O'Connor.

* * *

A thimble party that afforded great pleasure to the guests was given yesterday afternoon by Mrs. F. P. Glazier, of 714 West Jefferson street. There were several contests of sewing and guessing games and the winners in them were Mrs. George Waldschmidt, Mrs. Will Freese and Miss Lehr. The guests were Mrs. John Thompson, Mrs. William Ortlieb, Mrs. Henry Arnold, Mrs. George Waldschmidt, Mrs. F. Van Sweringen, W. M. Leonard, Arthur Johnson, Charles Bushey, P. B. Colerick, Will Freese, Miss Rose Cook, Miss Lehr and Miss Frankie Lehr, Miss Pauline Rauh, Miss Ida Card, Miss Leona Wilkens.

* * *

Mrs. W. M. McKinnie, of Pittsburg, is visiting with Mrs. Helen Fleming and family.

Miss Marie Torrence has returned to Wabash after a week's visit with her sister, Mrs. Ralph Pidgeon.

Miss Bessie Reed has returned to Albion, Mich., after a visit here with Mr. and Mrs. Frank Whitelam.

Mr. and Mrs. H. J. Brown have returned to Wabash after a few days' visit with Mrs. Minnie Wiemar.

Herbert Wagenhals, a student at Yale university, came home today to spend two weeks with his parents.

Herbert Fee, of Newport, Arkansas, is spending a few days with his mother, Mrs. Nellie Fee, of Fairfield avenue.

Harold L. Wood will reach his majority on Saturday and will celebrate the anniversary by having a stag party in the evening.

Mrs. E. R. Wood and son, Billy, who have been south all winter, are guests of Mr. and Mrs. William McLachlan, of the White apartment.

Kenneth Rose, of Wabash, is the guest of his aunt, Mrs. C. B. Beaver. Mr. Rose will play at the Morning Musical recital tomorrow morning.

Judge and Mrs. Owen N. Heaton and daughter Dorothy, and Mrs. S. R. Keep and Mrs. S. C. Heaton have gone to Indianapolis for a several days' visit with friends.

Dr. and Mrs. M. F. Smick gave a dinner party at the Anthony hotel last evening in honor of Mrs. A. Schirmer and Mrs. Charles Stone, of Saginaw, Mich., who are visitors in the city.

Mr. and Mrs. Herbert Wilkinson, who have been guests of Mrs. Wilkinson's parents, Mr. and Mrs. C. H. Walton, since their return from abroad, left last night for their home in Niles, Ohio.

Miss Ethel Saylor, of Dubuque, Ia., will arrive home next week for a few days' holiday with her mother and sisters, Mrs. Julia B. Saylor and family. Miss Saylor is special teacher of music in the public schools in Dubuque.

Miss Helen Bassett, who is attending Glendale college, Glendale, O., will come home next Wednesday to spend a week's holiday with her sister, Mrs. Hanna and her brother and his wife, Mr. and Mrs. Guy Bassett.

Miss Anna M. Swayne, of this city, was among the recent graduates from the Indiana Library school at Indianapolis. Miss Swayne with others of the class will spend the next months at the library of the University of Illinois in cataloguing work.

The members if the Sun Chee Oin spent a pleasant evening yesterday with Miss Luella Moellering, on Washington boulevard west. Jackstraws was the game of the evening. Will Holdsworth was taken into the club membership. Miss Blanche Trisket will be the next hostess.

Miss Catherine Yehl entertained the J. G. club, of which she is a member, on Tuesday evening at her home, 1335 Force street. The guests were Misses Martha Stoll, Julie Sullivan, Rose Chodynski, Anna Kinder, Gladys Steinbacher, Marie Yehl, Rosalie Hoffman, Leona Yehl. Games and a luncheon were the entertainment. Miss Chodynski will be the next hostess.

Mr. and Mrs. Charles Neireiter, of 209 West DeWald street entertained the Q. A. club last evening at progressive pedro. Prizes were won by Mrs. Cal Burnham and Henry Lapp for high honors and by Mrs. C. O. Lepper and Mr. Lapp for fourteen scores. All enjoyed a pleasant time. The next meeting will be held with Mr. and Mrs. Gus Rogge.

Miss Lota Anspach and Miss Gertrude Helling entertained a small company if young people at their home at 537 West Jefferson street, on Tuesday evening. There were present Misses Mildred Meyer, Ethelwyn Price, Agatha Broniger, Mary Wade, Luella Rathert, Matilda Stolte, Helen Schultels, Ethel Lease, Mamie Byers and Messrs. Raymond Helm, Clarence Broniger, Perry Short, Tom Dent, Rufus Young, George Long, Jay Mohl, Maurice Pelgin, Clark Holtzman, Gordon Eby, Thor Weber. Miss Mary Poland, of Payne, O., was an out of town guest.

Mrs. A. C. Penningroth, of Columbia avenue, entertained the First Colonial Card Club and invited friends of the members at her home on Tuesday afternoon. Club colors trimmed the house very prettily and potted plants and ferns contributed to the artistic effect. A fine luncheon was served after the game in which the prize winners were Mrs. Obenchain, Mrs. M. Stultz, Mrs. D. Bolens, Mrs. H. I. Smith. Miss Helen Penningroth assisted her mother in serving the refreshments. The guests of the club were Mrs. Briscoe, Mrs. Ella Wefel, Mrs. H. I. Smith, Mrs. Dunckle, Miss Esther Wefel.

The Royal Neighbors selected Tuesday evening to give Mrs. Robinson of 218 Baker street a farewell reception because she is to leave soon for Gary to live. Mrs. Robinson was presented with a handsome silver gift from the society. The amusement of the evening aside from its general sociability was the playing of games. Prizes were won by Mrs. Clark and Mrs. Snyder, for first honors and Mrs. Scherer and Mrs. Emrick, for low scores. There were present Mrs. Hatzel and daughter, Mrs. Prince and daughter, Mrs. Clark, Mrs. Bender, Mrs. Bates, Miss Fauts, Miss Steele, Miss Aubrey, Mrs. Opats, Mrs. Putnam, Mrs. Hartup, Mrs. Kress, Mrs. Steele, Mr. and Mrs. G. A Country Party.

Miss Hazel Bordner, daughter of Mr. and Mrs. Frank Bordner, who live north of the city, and her two friends, Misses Birdie Gundle and Tina Burley, all celebrated the anniversaries of their birth at Miss Bordner's home. Miss Bordner gave the party in honor of her own anniversary, but the fact that two of her guests also had anniversaries lent further interest and pleasure to the event. They spent a merry evening. Those who attended were Misses Coy Smith, Grace Spurgeon, Lulu Lonker, Ruby Loy, Alta Vance, Jennie Burley, Bessie Danney, Fay Yeager, Celeste Prough, Martha Crane, Ruth Taylor, Lola Tattle, Alta Darny, Martha and Sylvia Cane, Fay Crothers, Freda Crothers, Glenn Gundle, Tillie Price, Mr. and Mrs. Burley, Mr. and Mrs. Hursey, and Charles Smith, of Casperville; Fred Spurgeon, Edwin Cane, Earl Hostetter, Clem Gundle, James Simpson, James Cane, Haskell Crothers, Ben Cane, Mac Bursey, William Tyler, Frank Burley, Orvil Wysong, Claude and Shirley Toy.

New Style Crepe Blouse

POSED BY MISS MITCHELL OF THE ELSIE JANIS CO

So many women are making these charming crepe waists for wear with spring suits that a new model is always welcome. This blouse is cut on the simplest lines.

The flower motifs and eyelet dots which form the yoke are embroidered by hand and the panel trimming is made of pieces of plain white net set into the blouse and then braided with soutache in the Greek pattern. A collar of fine lace adds a desirable dainty touch at the neck and, like all the best Parisian blouses, this model has sleeves elaborately decorated to match the body of the waist.

IN THE THEATERS

The attraction at the Majestic this evening is De Wolf Hopper in "The Pied Piper" and the large sale of seats indicates the well known popularity of Mr. Hopper. The play is a fantasy and the production is promised to be of bewildering splendor and beauty. The company is a large one and no one doubts its ability as Mr. Hopper is always associated with the best and the Shubert brothers, under whose management the company appears, are always good for what they promise. The play is one which will appeal equally to young and old, being based on the old Holland legend of the piper of Hamlin.

The stock company of the Majestic theater will resume "Why Smith Left Home" tomorrow and finish the week. Next week the Majestic will be dark with the exception of Wednesday and Thursday, when Henry W. Savage will send a gorgeous production of "The Merry Widow" here for three performances. The stock company will have a week's rest.

Final Meeting of New Hotel Directors Monday Afternoon.

The final meeting of the board of directors of the Fort Wayne Hotel association will be held at the Anthony Wayne club on Monday afternoon, when all business matters pertaining to the erection and completion of the Anthony hotel building will be closed up.

The board of directors of the Kekionga Golf club will hold a meeting at the club on Monday evening.

MADE REGULAR CLERK.

Increase of Business at Postoffice Necessitates Addition to Force.

John H. Robinson, who has been acting as substitute clerk at the postoffice, was today put on the regular force as the big increase of business makes necessary the addition to the working force. Figures on March business have not yet been issued, but it is known they are considerably larger than for the same period last year.

THREE DISCHARGES.

Three discharges from the bankruptcy court were received by Deputy United States Clerk Logan this morning. The men thus relieved from indebtedness are William M. Reynolds, of Red Key, and Joseph A. Miller and Samuel L. Goodwin, of Waterloo.

The Fort Wayne lodge, No. 1, Daughters of Workmen, gave a supper and entertainment on Tuesday evening at the K. of P. home that proved a great success.

SISTER'S TRICK
But It All Came Out Right.

How a sister played a trick that brought rosy health to a coffee fiend is an interesting tale.

"I was a coffee fiend—a trembling, nervous, physical wreck, yet clinging to the poison that stole away my strength. I mocked at Postum and would have none of it.

"One day my sister substituted a cup of piping hot Postum for my morning cup of coffee but did not tell me what it was. I noticed the richness of it and remarked that the coffee tasted fine but my sister did not tell me I was drinking Postum for fear I might not take any more.

"She kept the secret and kept giving me Postum instead of coffee until I grew stronger, more tireless, got a better color in my sallow checks and a clearness to my eyes, then she told me of the health-giving nerve-strengthening, life-saver she had given me in place of my morning coffee. From that time I became a disciple of Postum and no words can do justice in telling the good this cereal drink did me. I will not try to tell it, for only that having used it can one be convinced of its merits."

Ten days trial shows Postum's power to rebuild what coffee has destroyed. "There's a Reason."

PRESCRIBES A CURE FOR ALL UNCLE SAM'S ILLS

Harriman Says Revised Tariff and Good Currency Laws are Needed.

Chicago, April 1.—"If the government had revised the tariff, or given the country a good currency law, or both, we would not have had the Landis decision, and we would not have had all of this wasteful prosecution of corporations, nor all of this hostile legislation and agitation against railroads, and the country would, today be going along swimmingly."

This statement was made by Edward H. Harriman yesterday while stopping in Chicago a few minutes on his way from the west to New York. It was a partial answer to a question regarding his position on tariff reform.

The interview accorded by Mr. Harriman was, perhaps, the most remarkable in his career, and it showed that there has been no diminution of the power of the brain which has carried to a successful conclusion the greatest railway combinations of history, and in such a skillful manner as to withstand the combined attacks of state and national governments. His interview showed also that the "Napoleon" of the railway world is still the "man of iron" and that there has been no break in the tremendous will power which enabled him to treat as an incident of business the most determined and combined attack which could be planned and executed by the national government.

Still Ready to Fight.

The marvelous reserve force of the man was shown in his treatment of the subjects in which he was vitally interested, and that he is sufficiently great to bear no ill will against individual or government was plainly in evidence. It was also evident that Mr. Harriman does not mean to abandon the fight, if fight it must be, but that he will keep his hand on the helm and continue in the course which he has mapped out for the great interests placed in his charge.

"I wish you boys would correct one thing," he began, "about which I feel strongly. I have been quoted as criticising and speaking harshly against the government and our ex-president for having prosecuted me and the interests which I represent. I have never spoken bitterly regarding either and I have no criticism to make. The prosecutions were all right, for there is nothing about the railroads I represent which we desire to conceal. Every move we have made has been known to the government and we have always tried to obey the law. I have no feeling in the matter and certainly harbor no resentment against the government nor toward any individual."

Gives Combine Ideas.

Asked whether he had declared himself to be in favor of a combination of all railroads, Mr. Harriman smiled and said:

"That is another thing that I cannot seem to say in such a way that newspaper boys will understand me. Of course, I am not in favor of a combination between all railroads, but I am for combination where economy demands them and where the best services necessitates them."

"Whether they be parallel or competing lines or not?" was asked.

"Certainly. That makes no difference if the necessity exists. For example, the laws of this country are such today that two railroads cannot legally get together and discuss measures which are for the benefit of both and for the benefit of the public. This is wrong and should be changed. It makes it impossible for a stronger line to go to the help of a parallel and competing line which is the weaker and which needs help. Between such lines so situated there should be permitted a combination and consolidation if the occasion arises. In this way both roads could be made valuable, and the service of one at least made more valuable to the people.

"A railroad is not like any other enterprise. Its rails are there, and they cannot be torn up and thrown away. The railroad must be operated, and it is not for the best interests of the country that the weak lines should always be menaced with a receivership. By a combination of such lines, also, it would be possible to effect economies of operation and such economies are always followed by a reduction in the transportation charge."

ORANGE FRITTERS.

Beat the yolks of four eggs with four tablespoonfuls sugar until lemon colored and thick. Stir into this the juice of half a lemon and flour to thicken like batter. Add the stiffly beaten whites and dip in one slice of orange at a time. Take up with a large kitchen spoon and fry a golden brown in butter or drippings. Sprinkle pulverized sugar on top if you are going to serve them as a special course. Where they are served with broiled ham lessen the amount ofsugar put into the batter and omit sprinkling the outside.

SOUR MILK GRIDDLE CAKES.

Stir into a pint of sour milk a teaspoonful of soda, a half teaspoonful of salt and flour to make a good consistency for baking. Have the griddle hot and well greased, bake the cakes in perfect circles and pile one on top of the other. No eggs are needed. A nice addition is a handful of huckleberries.

Easter Footware
"Everything New That's Good"
We're Selling More Shoes Than Ever! Why?

Because more people are finding out how good they are—because the people who wear Pingree Shoes are telling others where they got them, and that means customers for us.

Lasting style must be built in every Pingree Shoe. Style is a requisite of every good shoe, but with many it is all on the surface—vanishes with the first wear. Pingree styles preserve the maximum of trimness and good looks till worn out. They conform to your foot—not your feet to them. Be one of the majority to KNOW how good Pingree Shoes ARE. HENRY COUNTY HAS GIVEN RECORD MAJORITY

Clinches Its Present "Dry" Condition by Margin of 2,286.

Newcastle, Ind., April 1.—All other Indiana local option majorities were outclassed when Henry county yesterday voted "dry" by a banner majority of 2,586, by far the largest yet given against the saloon in any county in Indiana. The county is already dry by remonstrance, and the result yesterday merely clinches the condition for at least two years more.

Of the forty-two precincts in the county only one gave a "wet" majority, that one being the Fifth precinct in this city, where many factory operatives reside. Here the majority for saloons was 17. The city of Newcastle as a whole voted "dry" by 326. The election was extremely quiet, and the fact that a "dry" majority was a foregone conclusion accounts for the fact that the liquor men made no serious effort in the election.

This was the forty-second county in Indiana to be voted "dry" under the local option law, and the March elections resulted in the ousting of a total of 276 saloons. Cass and Blackford counties are next to vote, on April 6.

WAR FOOTING IN ST. JOSEPH.

Forces Lining Up for Great Struggle at Polls in May.

South Bend, Ind., April 1.—The local option war in St. Joseph county is reaching a red-hot stage, and there is now no doubt that both temperance and liquor forces will be taxed to their utmost ability in the struggle for an advantage. While both the saloon and anti-saloon advocates make assertions of victory, the situation really is one of most uncertainty.

Superintendent Hicks, of the South Bend district, is putting in all his time in organizing South Bend for the battle which is to precede the election during the last week in May. The brewers in the meantime are just as busy, and through agents and detectives are making a strenuous effort to get a line on the probable outcome.

There is no doubt that the city of South Bend and town of Mishawaka will vote in favor of the "wets," but there is fear that the "wet" majority in these two places may not be large enough to overcome the "dry" vote in the rural districts. On the other hand, the temperance people are worried lest the brewers make an invasion into their stronghold and cut down the majority which they expect to roll up in the country.

Should the county vote "dry" it would be a year before South Bend would be without saloons, because several licenses have only recently been granted.

DELAWARE PAPERS FILED.

Petition for Option Election Has Twice Needed Number of Names.

Muncie, Ind., April 1.—Officers of the Delaware County Anti-Saloon League late yesterday afternoon filed with the county auditor 531 petitions from every precinct in the county asking the commissioners to establish a date for the county local option election in this county. There were 5,340 names signed to the petitions, or just twice as many as were needed.

The "dry" forces started in on their campaign March 16 and all the precinct workers had reported at the local headquarters by March 20. The league representatives had no trouble whatever in obtaining names to the petitions.

SALOON MEN TO RESIST.

Vincennes, Ind., April 1.—The county council will meet in special session Monday, April 5, to make an appropriation for the approaching county option election. It is estimated that the cost of the election will be almost $4,000 and that sum will be asked. The petition for the election, which was filed with the auditor about a week ago, contains 39 per cent of the signatures of the voters of the county. The saloon interests will be present to fight the calling of the election.

WILL PREVENT "BOOTLEGGING."

Oxford, Ind., April 1.—The temperance forces of Benton county have organized a society for the prevention of "bootlegging." A reward of $25 will be offered to anyone giving evidence that will result in the conviction of a "bootlegger."

FINDS BIG OIL CASE PAPERS IN SCRAP AT WABASH

Express Official Recovers Documents in $29,000,000 Fine Action.

Wabash, Ind., April 1.—H. O. Cunningham, superintendent of the National Express company, with offices in Chicago, returned to his home last evening with a much more cheerful expression than when he came yesterday, because he had in his possession the most important papers of the famous Standard Oil $29,000,000 fine case.

The papers in some way, after being shipped from the Chicago and Alton railroad offices in East St. Louis, became mixed with scrap paper and were loaded into a car of scrap, which was purchased by a Chicago dealer, who sold part of the load to the local Box Board company, the car coming to this city.

Mr. Cunningham, after spending all of two days, finally found the papers, which were in book form. Thirteen of these books were lost and he succeeded in recovering ten of them. The other books are probably in Jackson, Mich., where that lot of papers was shipped. Although the case is over the papers are of great value, and it would have meant a big thing to the National Express company had they not been recovered. Had Cunningham arrived a day later there would have been no chance of ever finding them, for they would have taken the form of paper pulp.

The car in which they were found was soon to have been dumped in the hopper to feed the big machines with wet pulp paper.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

NEW RECRUIT LOOKS GOOD TO JACK HENDRICKS

Pete McNally Turns Out With the Squad in Practice.

Pete McNally, a youngster who stirred up the interest of some of the White Sox players during their barnstorming days last fall, who in turn called Manager Jack Hendrick's attention to him, reported at league park for work this morning and is a likely looking candidate for one of the outposts.

He covered a lot of ground chasing flies this morning, appears to have a good arm and is exceptionally fast on the bases. He got a good workout and the fact that he reported with $18 in cash and a gold watch indicates that he has been doing something during the winter months. He hits from the first-base side of the plate and gets down fast. Bert Arnold, who came here from Alexandria to train on his own hook, looked the players over a bit and concluded that he had no chance to make good. He pulled up stakes yesterday and went back home with the impression that the Central is a faster league than he had reason to believe it is.

Tommy Smith, a Dayton boy who played with Grand Rapids the season the club won the pennant, wants to get on with Jack Hendricks this season and sent in an application for a trial this morning. He may be asked to come as the manager wants all the good infield material he can get to select his club from. Smith has been working out with Bade Myers' players at Fairview park and is getting into condition there.

A few rays of sunshine greeted the players at the park this morning, but they were only occasional and did not make the kind of weather the players need for conditioning. Groundkeeper Jim Donovan is rolling the diamond and trying to get it into shape to let the players on, but he did not think it wise to allow them to play there today and they improvised a diamond in the outfield for a little bunting, batting and base running practice.

Roy Clark got in last night with Guy Dickey from Springfield. He looks much better than when he reported a year ago and thinks he can make the other catchers hustle some to beat him to the leadership of the backstopping department. Harry Downing and Gus Fogel both worked behind the bat awhile this morning and did a little pegging along with some foul chasing.

Owner Claude H. Varnell wrote Manager Hendricks to lock the gates for practice if he thinks it necessary; but he did not follow the order today. He has signs up asking spectators to remain in the stand, but there are a few who do not believe in signs and they butted out into the field and got in the way as much as they could. The manager does not want to make an unpopular move, but he will be compelled to exclude some real good, live fans from seeing the workout unless the field is kept clear.

The passage of the new rule by the national commission at Cincinnati yesterday will help the Central league clubs out. One of the provisions is that "when a national agreement player fails to report to or leaves a club having title to his services and joins an outlaw organization, no application from such player for reinstatement will be considered by the national commission if it involves a major league player, or the national association, if it involves a minor league player, unless a period of three years shall have first elapsed where said player has failed to report to or left the club that has title to his services, provided, however, that all such players will be permitted to join the clubs having title to their services on or before May 1, 1909, without the infliction of a fine against them."

There are so few organizations outside of organized ball that players who are holding out can not all be accommodated and if they fail to get in the fold under the law their applications for reinstatement must lie over three years. Curley Blount was due to report today, but he had not shown up at the ball park during the practice hour this morning.

LONG'S CLUB READY TO GO UNDER HAMMER

Fort Wayne Man's Venture in Field of Sport is a Loss.

Los Angeles, Cal., April 1.—Negotiations for the sale of the Jeffries Athletic club, which have been under way for several days, neared a possible completion at a meeting held last night by the directors of the club, and the plant may be turned over within the next week.

The prospective buyer is H. R. Hawkins, a public accountant with an office on West Third street over the Del Monte saloon, and it is understood that he has no connection whatever with Tom McCarey of the Pacific Athletic club and is not working the deal for him.

The debts of the club amount to about $9,000 and Hawkins will only take over the plant if he can make satisfactory arrangements with the creditors, who will have to scale down their claims if they wish to do business with him. He has a little money and may take the club if the debts can be made to fit his purse; but if the creditors will not slice their bills Hawkins will pass the thing up. If he does, the affairs will probably go into the bankruptcy court.

Jim Jeffries does not own any stock in the club. When it was organized he was to get a certain number of shares of the issue of 400 at $50 per share, providing he acted as referee for the period of three years. Any one who knows Jim Jeffries can readily understand that he would not referee for any club three years if he owned the entire issue of stock, and he soon became sick of the business and quit, necessarily forfeiting his stock.

It is understood that there were about $17,000 sunk in the club, of which Manager Baron Long contributed some $11,000. The expenses were heavy and the fights did not pay as well as expected, as fairly liberal purses were given the boxers and the club soon found itself on the rocks. Now Hawkins may take it, and if he does it will be at a bargain price.

Manager Baron Long is scheduled to leave this city tomorrow for New York, and the rumor is that he will act as manager for the fighter Freddie Welsh on the continental tour that Freddie proposes to take this spring. Long will turn over his stock to Hawkins if the deal goes through and the other directors will do the same thing, pocketing the losses they have already incurred.

Meyer Bros. Co., Three Drug Stores, is pleased to announce to their customers that they have secured the agency for Zemo, the best known remedy for the positive and permanent cure of Eczema, Pimples, Dandruff, Blackheads, Piles and every form of Skin or Scalp disease. Zemo gives instant relief and cures by destroying the germ that causes the disease, leaving a clean, healthy skin. See display and photos of cures made by Zemo.

Cuba's tobacco production in 1908, manufactured and unmanufactured, was of the value of $45,000,000 gold, of which $11,000,000 worth was used for home consumption. Exports were: Leaf tobacco, 40,000,000 pounds (increase over 1907, 19,000,000 pounds); 188,000,000 cigars and 10,000,000 cigarettes.

HOW TO CURE SKIN DISEASES.

The germs and their poisons which cause the disease must be drawn to the surface of the skin and destroyed. Zemo, a scientific preparation for external use, will do this and will positively cure Eczema, Pimples, Dandruff and every form of skin or scalp disease. See photos of many remarkable cures and show case or window display at Meyer Bros. Co. Three Drug Stores. Ask for sample.

ROGERS ROUGHED IT WITH TURK IN MATCH

Got Good Grilling for His Pains—Mahmout Wins Easily.

Jack Rogers roughed it in his half of the bout with Yussif Mahmout at Princess rink last night and got a grilling for his pains although he gave the Turk a good work out and lasted sixteen minutes and could probably have gone a longer route but for the fact that he was thrown over the ropes and got an awful bump over his left eye. He went gamely to his work after the accident and stayed until the great strength of Mahmout defeated him.

Rogers is a strapping big fellow and he knows the finer points of the game well enough to stay well up among the second raters and while he has never displayed any championship form he is thoroughly game and a hard man to beat. Mahmout had little trouble with him and but for the fact that the affair was an exhibition and he wanted to give the spectators a run for their money he could probably have ended the match sooner than he did.

The foreigner has prodigious strength but he did not demonstrate what he knows of the wrestling game but he did show magnificent condition as he hardly took a long breath during the engagement and seemed fresh when he finished. Rogers was thrown through the ropes twice. He opened up a lot of rough tactics and the Turk went back at him with the same sort of stuff and plunged him out on the heads of the spectators once. He took another fling and Rogers doubled up over the ropes and banged his head against the floor of the ring. He was cut and dazed but he went to it.

All of the sympathy of the crowd was with Rogers. He never had a show but he was cheered when he got out of a number of dangerous holds the Turk got on him. Mahmout stood for his punishment without being ruffled and showed good generalship as Rogers failed to anger him by shutting off his wind and elbowing him whenever he got the chance.

Santell was thrown in fifteen minutes.

The Other Matches.

The first preliminary was between Wilcox and Holmes, two locals, who put on a rather rough exhibition which went to the former in about thirty minutes of work. Harry Kellermeier and Young Bronson put on the second bout and went twenty minutes without a fall and honors are even between them as their last meeting was a draw.

Ed Conley and Max Wassem also put on a draw of fifteen minutes in which cutlasses and gattling guns were barred. They bit, swore, pulled hair and each gave and stood a lot of hard punishment.

Murbarger announced that he will take on Santell for a bout in two weeks for $100 a side and the entire gate money. The challenge was accepted. Murbarger wants two weeks to get into condition for the fray and is sure he will win.

WANTED THE SHAMROCKS.

Grant Asked the Team to Come to South Bend Sunday.

Manager Mart Cleary, of the Fort Wayne Shamrocks, got a telegram from South Bend today asking for a game there on Sunday, but as the club is not fully organized for the season the date was turned down. The manager could have gotten some sort of a club together but he does not do things that way and preferred to give up the engagement rather than put an unpracticed squad in a game.

Billy Niesen also asked him to come to Chicago Sunday and play the Gunthers but this was turned down. The practice squad will go to Huntertown where it will be divided into two squads for a game.

SENTINEL SCHEDULE OUT.

First in the Field as Has Been the Usual Custom.

The official schedule issued each year by The Sentinel is now ready for distribution and, as usual, is the first in the field in vest pocket form. The book is nicely arranged, giving all of the home and road games of each of the teams separately. They will be distributed through the shops in the city and can be had by application to The Sentinel office.

From the Central Training Camps

TERRE HAUTE.

"Jocko" Somerlott has reported for work and will be given a try at first base. He lives at Angola, Ind., was a member of the Fort Wayne Interstaters and has been in the Southern Michigan league a couple of years. C. E. Comingor is also here for a fling at the first bag job.

Orth Collins is running a bowling alley and will not be able to report until April 3 or 10. Groeschow granted him permission to remain away.

Jess Whiting has reported for duty. He is a left hander and while small of statue he is said to have a powerful wing.

SOUTH BEND.

Manager Grant issued his first blue slip today when he let Crume go. He is from Wabash, Ind., had signed as a catcher, but as Kurke and Tieman are both in the fold he is not needed.

R. M. Wells, a pitcher from Wauseon, O., is the latest recruit on the staff. He reported yesterday to the manager and comes without league experience.

Core, Foy, Kroy, Craven and Coffey will fight for the outfield jobs. Hoey looks like the regular first baseman. Grant will be at second and Koehler at short. Three men are trying for third with a probability that Danny Sheehan will land the job easily.

Grant began yesterday to take his men out at 10 o'clock in the morning and work them until they get so hungry they can't work any longer and then he calls the work off for the day.

ZANESVILLE.

Catchers Gavin and Holmes are both here and working out with the squad. The manager has not been able to get a line on either of them.

Player Myers also arrived yesterday and went out to the lot with Holmes. He will take care of the first base position in the event Swartling fails to come across with his signed contract, but it's a pretty safe prediction that Myers will play in the outfield. He is another on the giant order and hits from the left side of the plate.

Wares came down from his home at Kalamazoo, Mich., yesterday and got out with the pitchers' squad. He is showing great speed in the early workouts.

Catcher Heffner, who was the goal fend for the local polo team, will be given a try-out with the club. He has never played in the Central league.

WHEELING.

Manager Bill Phillips has received letters from Jimmy McAleer and Manager Barnhart of the Nashville team offering to turn surplus players over to him and he will grab some unless the club owners insist on option contracts.

The manager announced on his arrival that "Pop" Schriver will not be held by Pittsburg but will be turned back to the local team when the Pirates come north.

Outfielder Heller will be secured from the Giants when they play an exhibition game here in a few weeks.

Pitcher Druhot fears malaria and does not want to report. He has been given to understand that he will have to report or stand for suspension with a five-year lay-off.

EVANSVILLE.

Sixteen players reported to Manager Knoll at the park for the first workout of the season. Of the old men there were Sager, Spangler, Crowder, Grefe and Norcum.

Dunlap is giving Sager a run for the third base position. He has played the bag in the exhibitions and made a good impression.

Bilgerink, Carney and Grefe, the contingent of catchers, all seemed in better shape than the pitchers, but the hurlers are heeding Knoll's caution to go slow and not injure their throwing wings.

Pitchers Pearson and Ferrias will not report for a week or ten days.

DAYTON.

Both Brigger and Angemeier, who are candidates for places on the catching staff, are strapping big fellows and they certainly can throw some to the bases. All depends on their stick work as to whether or not they stick.

Barnett, the new infielder, is showing a lot of class in the field. He scooped up grounders around third base in fine style yesterday, and shot the sphere across the lot to first as though he had been in practice for a month or more. Barnett is a "dead ringer" for Bill Coughlin, formerly with the Detroit Tigers. He has the same features, black hair and is built about the same as the former big league star.

Several bats have been broken, but none of the candidates have banged the pill over the fence as yet. Young Kaylor, with the Fort Wayne Shamrocks last season, is swatting the ball hard. He is a little fellow, but puts a lot of force behind his drives.

Pitcher Stecher, Miamisburg, worked yesterday. He is a candidate for a job on Bade's pitching staff. Tommy Smith, with Dayton and Grand Rapids several seasons ago, worked around second base. He probably will play professional ball this season. Bert Schommer, who goes to the Michigan State league, is also working with the Vets.

TEAMS PREPARE FOR TRACK MEET ON SATURDAY

Concordia and Caledonians Will Clash at the Driving Park.

All arrangements for the dual track meet between the Caledonian Athletic club and Concordia college have been completed and on Saturday next the Driving park will be the seen of a mighty struggle, provided the weather man wears a smile. The track is still pretty soft, but a little sunshine will put it into great shape.

Dr. George Gillie, manager of the Caledonians, collected a wonderful bunch of talent to down the brawn and speed of Concordia. Casterline, who won the all-around championship at the last Caledonian meet, will take care of the sprints and jumps. Thompson, the Purdue miler, will run in the half-mile and mile. He is in the habit of taking care of most of the prizes at the annual Pennsylvania field days, having won five firsts last year. In the weights the Gillie brothers promise to take all in sight. Dr. George Gillie holds the Ohio state record for the hammer throw, which he established while he was captain of the team of the Ohio State University. Then there is entered in the jumps Fuelber, with considerable experience at the University of Michigan, and many more stars, both comers and experienced men.

Following is the list of entries for the Caledonians:

100 yard dash—Casterline, Strieder, Wise.
220 yard dash—Casterline, Smith, Wise.
444 yard dash—Smith, A. Gillie, Wise.
One-half mile run—Thompson, Swayne.
Mile run—Thompson, Swayne, A. Gillie.
220 yard hurdles—G. Gillie, Fuelber.
Hammer throw—Comparet, John Gillie, Geo. Gillie.
Shot put—Same as hammer throw.
High jump—Casterline, Fuelber, Wise, A. Gillie.
Broad jump—Fuelber, Casterline, Thompson.
Pole vault—Casterline, Wise, A. Gillie.
Relay team—Thompson, Comparet, A. Gillie, Casterline.

THE SHOP AND RAILROAD NEWS

GEORGE GIBSON, FORMER FORT WAYNE MAN, IS DEAD

Was Seventeen Years in the Pennsylvania Train Service—Shop News.

A telegram today brought to the local Pennsylvania offices news of the death of George B. Gibson, which occurred at 5 o'clock this morning at a hospital in Chicago. He was taken sick about two weeks ago and the malady developed into pneumonia, with other complications, and his death was quite sudden. Mr. Gibson was a baggageman on the Pennsylvania Limited and Special trains, running between Pittsburg and Chicago. He was formerly in the freight service with headquarters in this city, but an accident incapacitated him for that work a few years ago and the company transferred him to the passenger service. He was born at Tullytown, Pa., March 28, 1862, and was forty-seven years old. He commenced work for the Pennsylvania company March 1, 1892, just seventeen years ago, and while he made this city his headquarters he lived on Buchanan street with his mother, being unmarried. When Mr. Gibson went into the passenger service his mother returned to her former home in Philadelphia, where she still resides. The remains will be taken to the old home in Pennsylvania for interment.

NICKEL PLATE VETERANS.

Committee at Work Preparing for Annual Meeting.

A meeting of the executive committee of the Nickel Plate Veterans' association, which is composed of James Rogers, Al Longstreet, George Henry and L. C. Brown, with the association officers at Bellevue, last Monday, was the first active step in the preparation for the third annual meeting of the association, which will be held in this city the latter part of August and which, the officials declare, will surpass the previous meetings. President Michael Maroney, who presided at the meeting, announced the committee of arrangements and entertainment as follows: S. K. Blair, chairman; Dr. J. T. Dinnen, George James and C. W. Bell. The program has not yet been arranged, but it will include an afternoon meeting in some hall in the city, followed immediately afterwards by a banquet, possibly at the Hotel Anthony. Vice President H. Hammersley and Secretary J. H. Nichols, of the association, were also in attendance at the meeting in Bellevue.

BUILDING TRADES DIVISION.

Permanent Organization to Be Consummated Friday.

The men who have in hand the organization of the Building Trades' division of the Fort Wayne Federation of Labor hope to effect a permanent organization at a meeting to be held in Painters' hall tomorrow evening. As previously stated, temporary organization was affected two weeks ago and committees put iut to further the movement. As a result of their labors nine classes engaged in building work will be allied in a common cause. They are the Carpenters and Joiners; Stone Masons; Building Laborers; Sheet Metal Workers; Painters and Paper Hangers; Lathers; Plasterers; Bricklayers, and the Plumbers, Gas Fitters, Steam Fitters and Steam Fitters' Helpers. This will be one of the most important movements in the labor field of the season.

MAKING READY FOR SUMMER.

Rome City Lake to Be Raised to Normal Stage April 10.

Supt. B. H. Hudson, of the Grand Rapids and Indiana road, has issued a bulletin saying that the waterweir at Rome City will be closed until April 10 and the water in the lake will be allowed to rise to the normal stage. He issues this information so that cottagers and others who desire to take advantage of the low stage of the water for any purpose before the date named can do so. The fifty-cent rate to Rome City becomes effective tomorrow, but the date of putting on the "fishermen's" train has not yet been decided.

MORE WORKMEN MONDAY.

Wayne Shoe Company to Increase Force.

The Wayne Shoe Manufacturing company, which has shops at Harrison and Pearl streets, will add fifty workmen to the factory force Monday if they can be secured. This will enable the company to increase its output to upwards of 700 pair of shoes daily; about 400 pairs per day is the present output. The Wayne Shoe people have been operating a plant in this city only eighteen months and demand for the products indicates the popularity of "Wayne Made" goods.

REMINDED OF SAD AFFAIR.

The notice of the death of J. C. F. Westrumb by The Sentinel yesterday brought to the memories of several Fort Wayne people a sad accident on January 1, 1888. On the night of that date Mr. Westrumb started with twenty men and women for a farm seven miles out, where a party and dance was to be held, and in crossing the Pennsylvania tracks at the Piqua road, the sled was struck by a fast passenger train and two of the party were killed and several others badly injured. Those who lost their lives were Mrs. Peter Lepper, wife of the Pennsylvania shopman, and Miss Dinah Minnicker. Mr. Lepper was one of the injured and for several weeks he was disabled as a result of the accident. C. L. Daseler and H. C. Daseler, of the Pennsylvania shops, composed the orchestra which was to furnish music for the dance. Both were hurled forty feet, alighting in a snow bank and escaped injury.

SLIGHT INCREASE IN FORCE.

The Nickel Plate has the distinction of being the only Fort Wayne road doing a normal business at present. As a result of the business, the company has recalled some men suspended when business was dull and hired one or two more. Among those recalled to duty are Brakeman C. H. Pelkey, who worked in the box factory during the suspension, and George E. Moody, who was on a farm two months. Ed Arick, a switchman from the Elgin, Joliet and Eastern, took a position in the yards this week.

CHARLEY BARRETT PROMOTED.

Relatives in the city have been advised of the promotion of Charles D. Barrett, son of Hon. and Mrs. J. M. Barrett, of this city. The young man has been appointed assistant master mechanic of the Pennsylvania shops at Wilmington, Dela. He was formerly located at State Line, Pa. Mr. Barrett took a special apprenticeship course at the company's main shops in Altoona and later passed through a series of promotions.

MOVING TO DETROIT.

Charles A. Dunn called at the Pennsylvania machine shops this morning to say good-by to the men who were his shopmates for a number of years. Mr. Dunn is moving to Detroit, where he expects to engage in business. For a year or two after retiring from the shops he conducted a saloon, but disposed of his interests in that line some months ago.

BACK FROM THE COAST.

Engineer and Mrs. C. H. Platt returned home last night, after a sojourn of two or more months in the Pacific coast territory. They spent a portion of the time there with Mr. and Mrs. Charles Halber, formerly of this city, who now reside in California. Engineer Platt has reported for duty on the Pennsylvania road.

FINGERS BADLY CUT.

Boilermaker Harry Raub, of the Pennsylvania, got his left hand in a drill press at 10 o'clock this morning and before the machine could be stopped the second and third fingers were badly lacerated. Fortunately the bones were not broken and it is believed the digits will be saved.

INDUSTRIAL NOTES.

Fireman Emory Doty, of the Nickel Plate, is spending a day or two with friends at Dawkins.

Philip Schramm, who recently took a position at the Pennsylvania round house, is sick and off duty.

After an illness of three weeks, Brakeman E. M. Holden has returned to his duties on the road.

Henry Kammeyer and W. D. Carpenter, of the Nickel Plate round house, are off duty on account of sickness.

Joseph Carey and Joseph Bryant, of the Pennsylvania round house, will go to Rome City Saturday night to do a little fishing.

Machinist Louis G. McCulloch, who had been sick several days, reported for work at the Pennsylvania shops this morning.

Edgar Szink and Frank Girard, hammersmiths at the Pennsylvania shops, and their gangs are off duty pending repairs to their hammers.

Gus G. Ramsey, the Western Union telegraph operator who has been sick two or three weeks, is now sitting up and expects to be out on the streets soon.

Herman Schroeder, the moulder who was burned by molten metal at the Menefee foundry two weeks ago, is recovering and will resume work in a day or two.

The G. R. & I. handled a lot of people on a special train from Portland to Geneva and return last night, the occasion being a Rebekah lodge meeting at Geneva.

Second section of train 52 run through the derail at Leipsic Junction Tuesday afternoon with the result that traffic was tied up at that point for a period of about three hours.

H. H. Warnke, of the Pennsylvania shops, has gone to the hospital for treatment, having been sick several days. M. F. Grable and J. L. Hummel, also shopmen, are on the sick list.

John Rupp, a blacksmith at the Pennsylvania shops, received the full force of a blow with a hammer on his left thumb and the member was badly bruised. He will be off duty awhile.

A. F. Moore, assistant general foreman of the Panhandle shops at Columbus, O., was in the city today to meet Chief Car Inspector Adam LaMar and other Pennsylvania officials on business.

J. K. Dillon, traveling passenger agent of the Pennsylvania, and M. C. Martin, traveling freight agent of the Union Pacific, were in the city today looking after the interests of their respective companies.

Early this morning a special train of ten cars loaded with immigrants passed through the city over the Nickel Plate. There were over 400 people in the party and they will be distributed through the farming districts of the north and northwest.

J. H. Arnold, the Pennsylvania cab builder, who was hurt in the street car accident on the railway crossing three weeks ago, is now able to get about the house without the use of his crutches and is expecting to be able to resume his work in the shop soon.

The Menefee Art Stone company commenced the erection of a 40x50 frame building on Oliver street this morning. It is designed for a home for the art cement works in which the company will engage on a more extensive scale than formerly.

Brakeman Walter Terry, of the Nickel Plate, was summoned to Eastern Pennsylvania yesterday by news of the death of his father, who died Monday night. The deceased resided at a summer resort and had several cottages which he leased to resorters.

Tomorrow Engineer and Mrs. Charles Bromelmeier will go to Cleveland to visit friends a few days. Mr. Bromelmeier is employed on the Nickel Plate. Other contemplated visits are those of Fireman E. Worman, wife and daughter, who will go to Chicago Sunday to spend a few days.

H. W. Frase and Charles Crosby, Nickel Plate engineers, have returned to duty after a two weeks' sojourn at Lake James fixing up their cottages and fishing occasionally. Engineer J. W. Williams, who had been visiting his father at Kendallville several days, has also reported for duty on the Nickel Plate.

Chester R. Gordon, who had his left hand frightfully injured while at work at the Wabash shops December 15, has recovered from the injury in part and this morning resumed work. He has been assigned to the shipping department of the shops, the work being of a clerical character.

Machinist C. F. Stein, formerly of the Electric works, took a position at the factory of the Wayne Oil Tank company, in the Foster building near the Columbia street bridge, this morning. The Wayne Tank company has made other additions to its force lately and contemplates still more additions. Business is good with the company.

Holland Grubb, a Nickel Plate fireman, had his face painfully cut and bruised when he jumped from his engine and pitched over on his head at Leipsic Tuesday. Fortunately no bones were broken and he will be able to resume work in a day or two. Another absentee is Fireman C. J. Chavanne, who was taken sick a day or two ago.

Nickel Plate Engineers Whelan, of Bellevue, and Swartz, of Fort Wayne, inventors and patentees of the safety ashpan, designed for use on railroad locomotives in compliance with the federal law which becomes effective the first of the year are in Washington, D. C., attending a meeting of the railroad commission of the United States in the interest of their ashpan.

MUST NOT BLOCK WALK.

Mayor Issues Orders to Keep Walk About Shoaff Building Cleared.

Mayor Hosey this morning issued orders to the down town policemen to keep the Berry street board walk along the new Shoaff building, that is being erected, sufficiently clear so that pedestrians will not have to go out along the street. At numerous hours during the day the crowd watching the iron-workers on the building completely utilizes the board walk and those interested in the building must view it from some other place.

BY INTERURBAN AND RAIL.

Teachers Going to Indianapolis Caused Heavy Traffic on Each.

Teachers leaving this city for Indianapolis to attend the state teachers' convention this morning resulted in an especially heavy business both over the Lake Erie and the Fort Wayne and Wabash Valley Traction company. The special over the Lake Erie left at 9 o'clock with nearly three hundred teachers on board and the traction company carried fully a hundred to the capital city. Both roads offered low rates.

Weak Heart Action

There are certain nerves that control the action of the heart. When they become weak, the heart action is impaired. Short breath, pain around heart, choking sensation, palpitation, fluttering, feeble or rapid pulse, and other distressing symptoms follow. Dr. Miles Heart Cure is a medicine especially adapted to the needs of these nerves and the muscular structure of the heart itself. It is a strengthening tonic that brings speedy relief. Try it.

"For years I suffered with what I thought was stomach trouble, when the doctors told me I had heart trouble. I had tried many remedies, when the Dr. Miles' almanac came into my hands, and I concluded to try Dr. Miles' Heart Cure. I have taken three bottles, and now I am not suffering at all. I am cured and this medicine did it. I write this in the hope that it will attract the attention of others who suffer as I did."

Potosote Cures Constipation

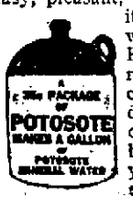
To Prove It We Buy You the First Package

There's no half-way ground in the cure of constipation—a medicine either cures or it doesn't cure. And you will know its effects within twelve hours after taking it. When we offer to pay for your first package of Potosote we do so in the firm conviction that it will cure, and that you will tell your friends about it. Otherwise our expenditure is a dead loss.

A Mineral Water—Not a Drug

Potosote does more than effect a temporary cure. It tones up the bowels, gets them in a thoroughly satisfactory condition, and then *keeps* them well.

When you get a package of Potosote you dissolve it in a gallon of water and you then have a full gallon of the world's most famous mineral water laxative. Potosote is in no sense a drug. Its action on the bowels is easy, pleasant, and healing. Just try it once and you will never want to be without it. Headache, liver trouble, rheumatism, stomach complaint, heartburn and dizziness are most frequently caused originally by bowel trouble. With your bowels out of order every organ of your body will sooner or later feel the effect. Get your bowels right and the rest of your body will take care of itself.



Cathartics are Dangerous

You can't afford to use drugs that act too strongly on the bowels. You may take such cathartics a dozen times without trouble—and the very next time the irritation may cause a griping and congestion that will give rise to severe pain and suffering.

The one safe cure for constipation is Potosote, the Mineral Water Laxative, not a cathartic or a drug.

But Potosote is more than a preventive. It is a certain and a lasting cure for even the most stubborn cases of constipation.

Potosote Cures Permanently

No matter what else you have tried, no matter how little they seemed to help you, don't give up till you have tried Potosote, the Mineral Water Laxative. It may be that your system was not absorbing the curative properties of the medicines you used. But it will absorb Potosote because you take it in the easy agreeable form of a mineral water. You will feel the beneficial effects from the start. That is why we are so anxious to buy you the first package—enough to make up a gallon of Potosote Laxative Mineral Water.

Don't let an opportunity such as this escape you. Take advantage of our offer today—if not for yourself then for some suffering friend. Why continue to struggle along under the depressing influence of constipation when we offer you a remedy that strikes at the very roots of the disease—a remedy that has cured thousands and thousands of other sufferers—a mineral water laxative that your own doctor would prescribe? Fill out the coupon and send it to us now.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Hon. F. P. Randall has resided in Fort Wayne forty-eight years.

The members of the Fort Wayne baseball club are already all in the city.

The Methodist ministers of Northern Indiana met in conference at Peru yesterday.

William Schroeder has resigned his position as turnkey at the jail under Sheriff Schiefer.

E. W. Cook, cashier of the Wabash freight office, is the correspondent of several sporting papers and is a very clever writer.

A. K. Irey, Tom Houlihan and Charles Vordermark are temporarily assisting City Treasurer Berghoff in receiving city taxes.

A party of vicious kids in Gooseville are in the habit of stealing rags, old iron and pigeons from stables and warehouses in the Sixth ward.

Mike Walsh had a great scheme fixed up for Will Breen today, but he went to Indianapolis, and Mike's April Fool plans were thwarted.

Will McKinnie was called out at 2 o'clock this morning to help a friend out of trouble. Cy Fike laughed at him, and then the first of April dawned on his mind.

The lot on which stood the old First Presbyterian church was sold years ago by Hon. F. P. Randall to the trustees for $2,000. It was sold to the government for $25,000, quite a nice profit.

The practical jokers were about last night and put up clever jobs on Captain Hugh Deihl, Dr. G. W. Poyneer, Arthur Dodge, Officer John O'Connell, Marshal Dick Meyers, and others. All took the sport good-naturedly.

The following jurors have been drawn for the next term of the superior court: Robert Gage, city; David Kimmell, Pleasant township; Joshua Stapleton, Cedar Creek township; Nicholas Madden, Eel River township; George Lawrence, Lafayette township; John Schaffer, Madison township; Henry G. THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, April 1.—New high record marks for the season for all deliveries of wheat were recorded here today, the May option touching $1.13¾ and the July $1.07½. The new record for May is ½c above the mark established March 3rd, while that for July is ¼c above the mark for that option. The market was strong early in the day. Additional crop damage reports and an advance at Liverpool were the chief bullish influences. May opened at $1.13½ to $1.13¾, and July at $1.07¼ to $1.07½. May sold at $1.13⅞, while July touched $1.07⅛.

The market rallied again late in the day and prices advanced beyond the earlier high point, May selling up to $1.20⅛, and July to $1.08. The close was strong, with May up ⅝@¾c at $1.19⅞@1.20. July was up ⅝@¾c at $1.07⅝@$1.07¾.

The bulge in wheat had a strengthening effect on the corn market but the trading was rather quiet, owing to a scarcity of offerings. Several prominent houses were active bidders for the May delivery. At the opening prices were ⅛c to ¾c higher, May being at 67¼c to 67½c. For a time the price held within that range.

The top for May was reached at 67⅝c. The market closed firm with May ¼@⅜c higher at 67⅜@67½c.

Oats were firm on buying of the May delivery by cash interests and commission houses. The strength of wheat and corn was the chief factor. May opened ⅛c to ¼c higher at 54⅝c to 54¾c, and held within that range early in the day.

An advance of five cents in the price of live hogs caused moderate firmness in provisions but the trading was extremely quiet at the start. Prices at the opening were a shade to five cents higher.

The Close.

Prices at the close were as follows:

STOCKS AND BONDS.

The Day on Wall Street.

New York, April 1.—Prices of stocks started higher on a large volume of dealings. Varying fractional gains were shown throughout the list and in some cases they reached a point or more. Denver and Rio Grande rose 1¾; Atlantic Coast Line 1¼; St. Paul, Illinois Central, Canadian Pacific, and Inter-Metropolitan pfd. 1 and Union Pacific, Southern Pacific, Missouri Pacific, Norfolk and Western, Delaware and Hudson, Kansas City Southern, Amalgamated Copper, National Lead, General Electric and Consolidated Gas large fractions.

The upward trend of prices did not last long, traders taking profits as soon as business got well under way. Reactions were quite sharp in a number of instances and some stocks fell below yesterday's closing. The hours business was very large. The market steadied and became quieter at the end of the hour.

The advance in D. & R. G. carried with it others of the Gould group with gains of 1 to 1½. There were similar advances in Chesapeake and Ohio, C., C. C. & St. L. and Railway Steel Spring. Norfolk and Western rose 1¾, and Canadian Pacific, and C. G. W., debentures 2. Realizing sales were continued in the general list with the effect of pulling prices lower. Penna, Northwestern, Long Island, and Brooklyn Transit lost one. Bonds were steady.

Eastern trunk line stocks were bought freely which served to stiffen prices in the general market and caused some recovery. New York Central gained a point, Penna recovered its loss of as much, and C. & O. rose to 71.

Buying for the long account was resumed when U. S. Steel began to get active and touched 50. The list generally did not reach the best but there was a heavy absorption of some of the railroad stocks. Canadian Pacific jumped four points, American Ice 1¼, D. S. S. and A. E. and the preferred 1½.

LOCAL MARKET EPITOME.

Local produce receipts continued light today with good demands strengthening all lines. While buyers were not offering more than a straight 18c per dozen for eggs the possibilities are for better prices tomorrow or Saturday. Poultry and chickens continue firm at the same prices.

Said G. H. Crouse, of the commission house of G. H. Crouse & Co., this morning: "Our market of tomorrow will probably be light but that on Saturday will be heavy. Demands will run good on eggs, chickens and butter with the prices holding firm except in the case of eggs which may advance one-half cent."

Manipulations in the markets at Chicago resulted in local millers boosting their wheat quotations to $1.23 per bushel this morning. This is the maximum price in this city for many years.

REMOVED KIDNEY STONE.

Judge Zollars's Condition Much Bettered by Operation Today.

The removal of a large stone weighing fully four ounces from the kidney of Judge Allen Zollars in an operation performed at Hope hospital this morning by Drs. M. F. Porter and Carl Schilling resulted in the distinguished patient's condition being much bettered. Judge Zollars did not rally from the operation until this afternoon when the doctors stated that the prospects for a quick recovery are very favorable.

CITY BREVITIES.

Mrs. Sara Noll is seriously ill at her home on the Leesburg road.

Harley J. Hudson, for the past six months with the Stall Jewelry store in this city, has gone to New York state, where he formerly resided.

Miss Johana Fehling, a daughter of Mr. and Mrs. August Fehling, of 1213 Hanna street, was removed to the Lutheran hospital yesterday, suffering from severe intestinal troubles.

The work on the new brick school house to be erected in St. Joseph township, in Whitley county, will be started within a few weeks. The plans have been completed by Mahurin & Mahurin, the architects of this city.

PRIEST A MILLION IN DEBT.

Father McMahon Bankrupt Through Trust Company's Failure.

Cleveland, O., April 1.—Rev. Father William McMahon filed a petition in voluntary bankruptcy before Judge Taylor in the United States district court late yesterday, giving his liabilities at $1,500,000, and assets at $75,000.

His insolvency is said to have grown out of the failure of the Fidelity Funding company of New York, which was promoted by P. J. Kieran. The Rev. Mr. McMahon is said to have been a director of the company and indorsed many of its notes.

Today we added over one hundred more Hart Schaffner & Marx fine spring suits to the $15 line and as many to the $22 line. These suits are great values.

BEAUTIFUL BEDROOM OUTFIT

One of the nobbiest bedroom sets ever brought to Fort Wayne is on exhibition this week in the south Court street show window of the Foster Furniture company. It consists of Bed, Dresser, Dressing Table and Dressing Table Chair, Chiffonier; cheval mirror, six feet high; somnoe, rocker and two chairs, all made to match. The pieces are in beautifully mottled antique white oak; haven't a single line of ornamentation upon them, but are finished like a piano. There is some curiosity as to whose house this beautiful bedroom outfit is likely to adorn.

The Evolution of the Moth Bag

How the very mention of the name calls to mind the sickening odor of tar, camphor balls and other so-called preventives so closely associated with moth bags!

But here in our store this week is being demonstrated a Cedared Paper Wardrobe that for general utility and purpose is as far removed from the old-time moth bag as can be imagined for a contrivance of its kind.

It's the Wayne Cedared Paper Wardrobe

And it has more good points and advantages over other moth bags on the market than we can take space to tell. Its construction of tough, wear-resisting Jutehemp paper gives it strength; its accordeon plaited sides and compact form make it admirable for the house with limited closet and storage room, and the delightfully "woodsy" smell of the cedar is much to be preferred to "moth balls."

Every Woman Should See This Demonstration

—know for herself the "why" of this wardrobe and learn of the different sizes in which it is made for different garments, and get other valuable information from the demonstrator on the proper packing away of furs and garments for the summer.

WANT DEARER STOCKINGS.

Reading Employes and Employers Get Together.

Reading, Pa., April 1.—The employes of the hosiery mills of the Berks-Lehigh congressional district held a meeting here and decided to petition congress to maintain in the new tariff bill the advanced rate of duty on cotton hosiery, as recommended by the ways and means committee on March 18. The manufacturers declare that they are in favor of the Payne bill, to stop the flooding of this country with German-made goods, to the detriment of the American manufacturer and his working people.

They said protection would boom the hosiery business in America, as 20 per cent of the hosiery now used in this country comes from France and Germany.

ECZEMA IS NOW CURABLE.

Zemo, a clean liquid for external use, stops itching instantly and permanently cures eczema and every form of itching skin or scalp disease. Meyer Bros. Co., the druggists, say they have been shown positive proof of many remarkable cures made by Zemo and that they endorse and recommend it and believe Zemo will do all that is claimed for it. If its a good thing Seavey's have it

A Good Carpenter

Is known by his chips, the old saw says. But anyone will tell you that an expert carpenter is known by his tools. If his tools are made of fine steel and have good, solid, hardwood handles you know that carpenter's head is level. We aim to keep only the very best tools the market affords and are also headquarters for up-to-date builders' hardware and the latest designs in Art Glass. If you have any intention of building a new residence or remodeling your old one we would be more than pleased to show you our stock and figure with you on whatever material you may require in our line.
